### INTRODUCTION

The Group is an oil palm plantation company listed on Bursa Malaysia. The Group is one of the largest producers of sustainable palm oil in Sabah with a landbank of 39,103 hectares across five estates. These estates are the Jeroco Group of Estates (JGOE), Tomanggong Group of Estates (TMGOE), Sungai Segama Group of Estates (SSGOE), Ladang Kawa Estate, Pelipikan and Kota Marudu Estates, with JGOE, TMGOE and SSGOE being contiguous to each other in Lahad Datu. The Group also owns and operates four Roundtable on Sustainable Palm Oil (RSPO) certified palm oil mills.

## MANAGEMENT DISCUSSION AND ANALYSIS

### MARKET CONDITION

In 2022, the Malaysian palm oil industry experienced a significant surge in prices, reaching an all-time high. Despite modest growth in CPO production and exports, total export earnings of oil palm products grew mainly due to better palm product prices. Total CPO production in 2022 increased by 1.9% to reach 18.45 million tonnes (2021: 18.12 million tonnes). Palm oil exports in 2022 amounted to 15.71 million tonnes, a marginal increase of 0.9% or 0.14 million tonnes from the previous year, which was in line with the increase in production.

Crude Palm Oil (CPO) price averaged RM5,087 per tonne (2021: RM4,407 per tonne). The Sabah average CPO price was RM4,786 per tonne (2021: RM4,506 per tonne).

### MANAGEMENT STRATEGIES

#### Vision

The Group's vision is to achieve optimum productivity and to be the most cost-efficient producer in Malaysia.

#### Key Market

The Group sells its palm products generally through Spot Sales and Forward Contracts basis. All sales were locally delivered to refiners within Malaysia.

#### Strategies in Creating Value

As a member of the Roundtable on Sustainable Palm Oil (RSPO), the Group is fully committed to sustainability initiatives which are enshrined in the RSPO Principles and Criteria. RSPO has the objective of promoting the growth and use of sustainable oil palm products through credible global standards and engagement of stakeholders.

Benefits of certification amongst others are as follow:

- Better access to international markets, especially Europe
- Price premium for certified sustainable palm oil (CSPO)
- Reduced emission of greenhouse gases through methane capture in effluent treatment plant
- Improved compliance with regulatory requirements

### 2022 FINANCIAL REVIEW

The performance of the Group was impacted by the overall challenging conditions affecting the plantation industry in Malaysia.

The Group revenue for the financial year under review was RM814.6 million, 21.4% higher than the previous financial year of RM670.9 million.

Operating profit was 8.8% lower at RM266.9 million (2021: RM292.6 million). Consequently, the earnings per share attributable to the shareholders of 26.30 sen (2021: 28.01 sen) was 6.1% lower than the previous financial year.

Our Group recorded average realized CPO and PK prices of RM5,530 per tonne (2021: RM4,432 per tonne) and RM3,278 per tonne (2021: RM2,952 per tonne) respectively for the year.

Average CPO selling price was 15.5% above Sabah average of RM4,786 per tonne and average PK selling price was 7.7% higher than Sabah average of RM3,043 per tonne.

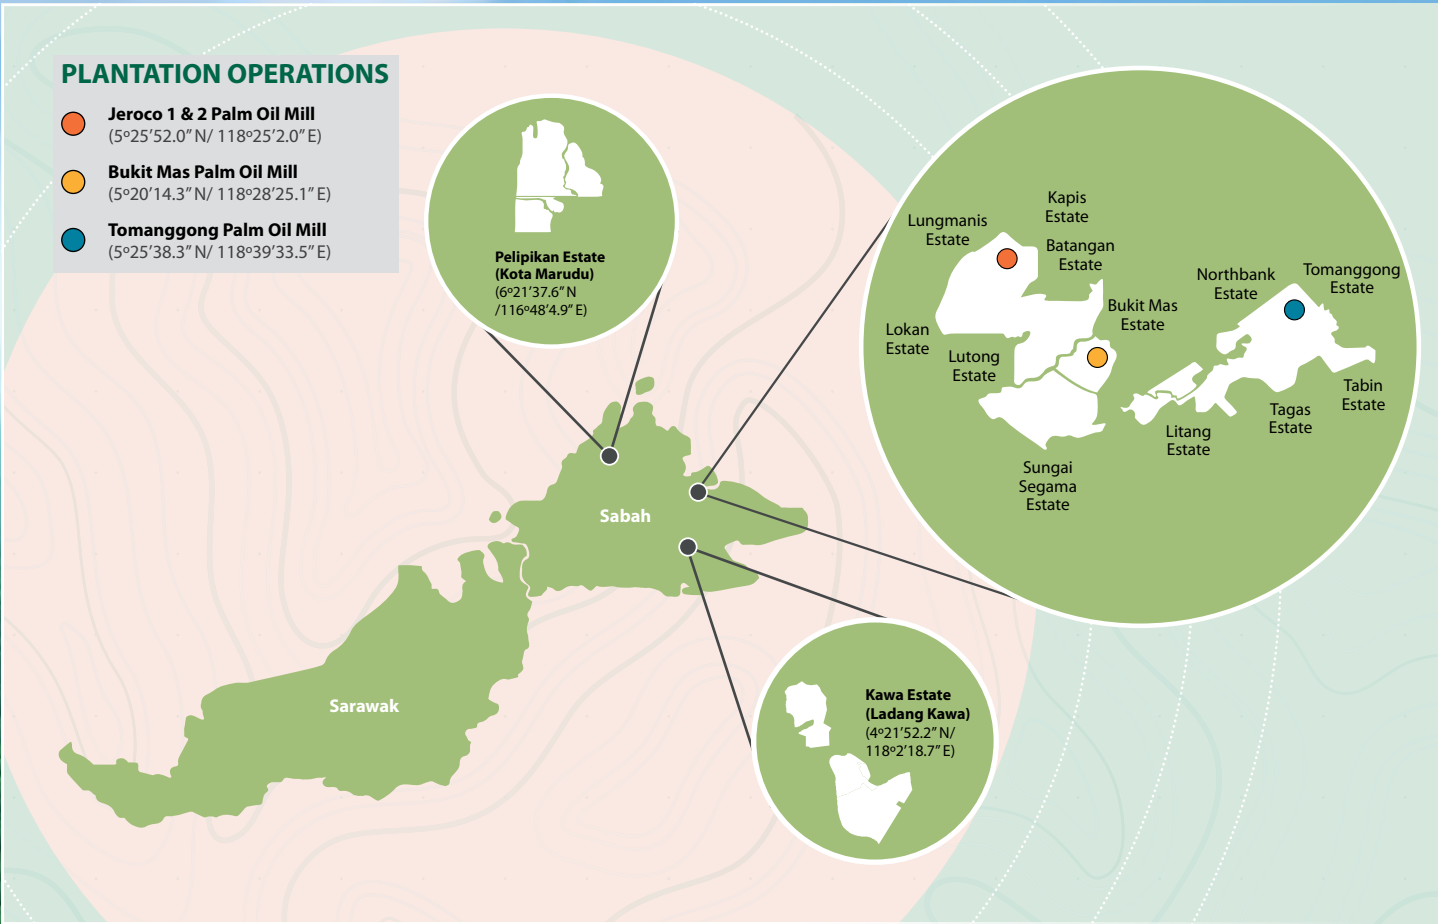

CPO production cost (excluding amortization of bearer plant and surplus on fair value; and after taking into account PK credits) for the financial year was approximately 38.8% higher at RM2,559 per tonne (2021: RM1,844 per tonne) mainly due to increase in minimum wage, higher fertilizer, diesel and input material costs.

#### Dividend Policy

The Group has a dividend policy of distributing approximately 60% of the total Group's profit after tax to shareholders annually. The Board declared a total dividend of 12.0 sen per share for FY2022 (2021: 17.0 sen) representing a pay-out ratio of approximately 46%.

## Milling Operations

The Group's milling operations are undertaken by four mills with a combined milling capacity of 180 FFB tonnes per hour. The Group's mills, which include Jeroco Palm Oil Mill 1, Jeroco Palm Oil Mill 2, Tomanggong Palm Oil Mill and Bukit Mas Palm Oil Mill, produced 130,510 tonnes (2021: 133,284 tonnes) of CPO and recorded an average utilization rate of 61.2% in 2022 (2021: 62.2%).

## MANAGEMENT DISCUSSION AND ANALYSIS

### Sustainability and Food Safety Certification

The Group strives to ensure FFB used in its production, whether sourced internally or externally, are certified sustainable. Due to the ongoing RSPO compensation case relating to the Tabin, Northbank and Pelipikan Estates, the Group has reviewed, for the 2<sup>nd</sup> time, the targets to ensure all its FFB achieve RSPO certification by 2025. This revised target of time-bound plan to achieve 100% RSPO certified sustainable palm oil from 2022 to 2025 was accepted by RSPO in 2021 RSPO Annual Communication Progress report.

The Group's palm oil mills and estates are 100% and 82% RSPO certified respectively. All its palm oil mills are also International Sustainability and Carbon Certification EU (ISCC EU) certified. In addition, the Group has obtained Malaysian Sustainable Palm Oil (MSPO) certification for all its 14 estates and four palm oil mills in 2018.

The Group continues to engage with independent local outgrowers and smallholders to raise sustainability awareness and the benefits associated therewith.

At the time of reporting, nine out of the 11 independent local outgrowers and smallholders (82%) participated in obtaining the RSPO and MSPO certification. Four independent local outgrowers and smallholders have obtained both RSPO and MSPO certification in the period of 31 December 2019 to 19 July 2022 while three independent local outgrowers and smallholders achieved MSPO Certification as at December 2022.

As part of the Group's effort to improve the palm products' marketability for food application, all the Group's mills are Hazard Analysis Critical Control Points (HACCP), MeSTI (Makanan Selamat Tanggungjawab Industri) and HALAL certified.

### SHORT & LONG-TERM GOALS

The various certifications obtained on RSPO, HACCP, MSPO, ISCC EU, HALAL and MeSTI are a testament to the Group's commitment to be a responsible and sustainable palm oil producer in compliance with global sustainability standards for agriculture production. This enhances the Group's customer market access as its palm products are recognised for its quality that meets the premium market requirement.

## MANAGEMENT DISCUSSION AND ANALYSIS

### ANTICIPATED OR KNOWN RISKS

The Group is expected to face pressures arising from increase in cost of production and shortage of labour. To mitigate this, review are being carried out regularly on feasibility to mechanize certain works with objective of reducing cost and labour dependency. In addition, plantation management conducts quarterly reviews of workers' wages to ensure the Group pays a competitive market rate to minimise worker attrition.

Every employee's safety, health and wellbeing has always been of utmost importance to the Group. Despite having transitioned to the endemic phase of COVID-19, the Group continues to conduct selective swab tests, provide necessary personal protective equipment, tighten movement control and maintained temporary quarantine centres in accordance with the Ministry of Health guidelines.

### OUTLOOK FOR 2023

The Group's prospect mostly depends on the domestics and global macroeconomic factors that affect the palm oil market, weather conditions in major countries producing oil seeds, government policy on biodiesel and the seasonal cropping pattern of FFB. Palm oil production for the 1<sup>st</sup> Quarter of 2023 is showing signs of a recovery despite heavy rains and flooding particularly in Sabah.

In 2023, Malaysian palm oil production is forecast to reach close to 19 million tonnes. With this anticipated increase in palm oil production, Malaysia producers will likely face stiff competition from Indonesia producers offering competitive pricing to protect their market share.

### ACKNOWLEDGMENT

The Company would like to express its gratitude and thanks to its Board of Directors and shareholders for their guidance and continuing support.

The Company would also like to thank the management and all staff for their significant contributions over the years. The Company further acknowledges the support given to the Group from the authorities, its bankers, business partners, clients, customers and suppliers as we continue to create value for all stakeholders.

# CORPORATE GOVERNANCE OVERVIEW STATEMENT

This corporate governance overview statement ("CG Statement") of Hap Seng Plantations Holdings Berhad ("HSP" or the "Company" and "Group" refers to HSP's group of companies) is prepared pursuant to paragraph 15.25(1) of Main Market Listing Requirements of Bursa Malaysia Securities Berhad ("LRs" and "Bursa Securities"), with guidance being drawn from Practice Note 9 of LR's and the Corporate Governance Guide (4<sup>th</sup> Edition) issued by Bursa Securities.

The CG Statement is supplemented by a corporate governance report ("CG Report") prepared in accordance with the prescribed format of paragraph 15.25(2) of the LR's. The CG Report is to provide a detailed articulation on the extent to which the Company has complied with the corporate governance practices set out in the Malaysian Code on Corporate Governance 2021 ("MCCG"). The CG Report is available on the Company's website, [www.hapsengplantations.com.my](http://www.hapsengplantations.com.my) as well as the website of Bursa Securities.

This CG Statement should also be read in conjunction with the other statements in this annual report (e.g. Statement on Risk Management and Internal Control, Reports on Audit, Nominating and Remuneration Committees and Sustainability Statement) as the application of certain corporate governance enumerations may be more succinctly explained in the context of the respective statements.

## CORPORATE GOVERNANCE APPROACH

The board of HSP ("Board") is committed to ensure that the Company remains strong, viable and sustainable to deliver value to both its shareholders and stakeholders. The Board believes that a robust and dynamic corporate governance framework is essential for effective and responsible decision-making at the Company.

The Company's overall approach to corporate governance is to:

- have the appropriate people, processes and structures to direct and manage the business and affairs of the Company;
- drive the application of good corporate governance practices through the alignment of the interests of shareholders, the stakeholders and the Company; and
- embed sound corporate governance practices into the Company's broader responsibility to shareholders, customers and the communities in which it operates.

For this purpose, the Board strives to promote meaningful and thoughtful application of good corporate governance practices. Recognizing that improving corporate governance practices is a dynamic and evolving process, the Company will continue to enhance accountability, objectivity and transparency in its operations.

A summary of the Company's corporate governance practices with reference to the MCCG is described below.

## RESPONSIBILITIES OF THE BOARD

The Board is responsible for overseeing the management of the business and affairs of the Group, including the commitment to sustainability, in the best interest of the Company.

The Board has established three board committees, namely the Audit Committee ("AC"), Nominating Committee ("NC") and Remuneration Committee ("RC") (collectively the "Board Committees"), with clear terms of reference. By engaging closely and actively with the Board, the Board Committees are able to effectively assist the Board in the discharging of its oversight function.

Board Committees	Responsibilities of Board Committees
<b>AC</b>	The AC is responsible to support the Board with its oversight role in the areas of financial reporting, related party transactions and conflicts of interests, internal control environment, internal audit and external audit as well as the Group's overall risk management system.
<b>NC</b>	The NC is responsible to recommend candidates to be appointed to the Board and Board Committees, annually evaluate performance of the Board and the Board Committees as well as to develop succession plans for directors of the Company.
<b>RC</b>	The RC is to set out the Group's remuneration policy, and to make remuneration recommendations for executive directors, non-executive directors and senior management.

## CORPORATE GOVERNANCE OVERVIEW STATEMENT

The Board and Board Committees meet regularly to deliberate on matters under their respective purview. During the year, the Board has deliberated on business strategies and critical issues concerning the Group, including business plan, annual budget, financial results, risk management status report and sustainability report. Meeting attendance of Board members and members of the various Board Committees during the financial year ended 31 December 2022 is as follows:

Directors	Board	AC	RC	NC
Dato' Mohammed Bin Haji Che Hussein	4/5	4/5	2/2	2/2
Datuk Simon Shim Kong Yip, JP	4/5		2/2	2/2
Datuk Edward Lee Ming Foo, JP	5/5

Tan Sri Amirsham Bin A Aziz	5/5	5/5		
Andrew John Barber	4/5			
Datuk Hamisa Binti Samat	4/5			

 Board/Board Committee Chairman  Member

There is a clear demarcation of responsibilities between Board and management of the Group ("Management"). While the Board directs and governs the Management, it does not unduly usurp the operational and implementation role of Management. The chairman is responsible to spearhead the Board ("Chairman") while the managing director is responsible for the efficient and effective management and day-to-day operations of the Group ("Managing Director"), in accordance with the strategic direction of the Board. The positions of Chairman and Managing Director are held by different individuals.

The Board has formalised a board charter which delineates the responsibilities of the Board, Board Committees, and their members, including matters that are solely reserved for the Board's decision ("Board Charter"). The Board Charter is periodically reviewed by the Board to ensure it reflects Group's evolving needs. The Board Charter is available on the Company's website.

During the year, the Board approved fit and proper policy which serve as a guide to the NC and Board in their review and assessment of suitable candidates that are to be appointed to the board or its subsidiaries as well as directors who are seeking for re-election.

A senior independent director is also appointed to act as a sounding board for the Chairman, address concerns that may be raised by shareholders of the Company and as an intermediary for other directors when necessary.

In discharging its responsibilities, the Board is assisted by two qualified and competent company secretaries who act as counsels on corporate governance matters. The Management always provides directors with adequate and timely information prior to meetings to enable them to make informed decisions.

## CORPORATE GOVERNANCE OVERVIEW STATEMENT

### BOARD COMPOSITION

The Board ensures that it has an appropriate mix of skills, experience and diversity to discharge its role and responsibilities effectively. The Board undertakes a periodic review of its composition to ensure that all skill gaps are filled and to identify areas of weakness for improvement.

The directors strive to harness their knowledge and professional experience to provide diverse perspectives on the Company's business operations and strategies. The expertise possessed by the Management as well as access of directors to external professional experts complement the effective functioning of the Board. The collective skill-set and experience of the Board are illustrated in the following matrix.

The Board is currently made up of six independent non-executive directors, two non-independent non-executive directors and four executive directors including a managing director. The Board is mindful that the presence of independent directors may contribute to a more robust deliberation process with greater impartiality and objectivity. The same will be undertaken in lockstep with advancing the business imperatives or objectives of the Company.

The NC assesses the independence of the independent directors annually to ascertain if they display a strong element of impartiality. In conducting this assessment, the dimension of tenure of service is also considered to ensure that the same has not reduced impartiality or resulted in lack of fresh insights. All the independent non-executive directors have served the Board for less than nine years as at 31 December 2022.

Presently, the Chairman is a member of the Board Committees. The Board recognises the perceived or potential, although not factual, risk of self-review by the Chairman assuming membership of the Board Committees. This being the case, the NC will continue to do the necessary in reviewing and recommending the appropriate candidates to the Board to replace the Chairman's membership in the Board Committees.

Board appointments are made via a formal, rigorous and transparent process, premised on meritocracy and after taking into account the skills, experience, tenure and diversity needed on the Board in the context of the Company's strategic direction. In terms of gender diversity, the Board currently comprises two female directors, namely, Ms. Cheah Yee Leng and Datuk Hamisa Binti Samat. The Company continues to encourage mentoring of junior female employees by senior female executives within the Group. This will eventually deepen the internal female talent pool for potential female candidates to be appointed onto the Board.

The Board, facilitated by the company secretaries, undertake an annual assessment of the effectiveness of both the Board and the Board Committees as well as the individual directors in a formal process. Every directors is required to complete the requisite questionnaires and submit the same directly to the company secretaries who will collate the responses and produce a summary report to the NC. The NC will then analyse the report and submit its findings and recommendation to the Board. Such findings would be utilized as the bases for the Board's development needs and in making governance changes.

## CORPORATE GOVERNANCE OVERVIEW STATEMENT

NC has conducted the fit and proper assessment on the directors who were proposed for re-election in accordance with clause 116 of the Company's constitution at the forthcoming annual general meeting ("AGM"). The retiring directors had also submitted to the Company their fit and proper declaration forms.

### REMUNERATION

The Board ensures that a fair level of remuneration is imperative to attract, retain and motivate directors and senior management to manage the Company successfully. The component remuneration packages for executive directors and senior management have been structured to link rewards to corporate and individual performance whilst non-executive directors' remuneration reflects the experience and level of responsibilities undertaken by individual non-executive directors. The remuneration policy and procedures for executive directors, non-executive directors and senior management are available on the Company's website.

### AUDIT COMMITTEE

None of the AC members are the former audit partners are required to observe a cooling-off period of at least three years before being appointed. The AC is relied upon by the Board to, amongst others, provide advice in the areas of financial reporting, external audit, internal control environment and internal audit process, review of related party transactions, conflict of interest situations as well as risk management framework. The AC seeks to benefit from the possession of financial literacy amongst its members complemented with a sound understanding of the business for it to discharge its responsibilities effectively.

The AC has established formal and transparent arrangements to maintain an appropriate relationship with the Company's external auditors. These include policies and procedures to review the suitability and independence of the external auditors. During the year under review, the AC has received written assurance from external auditors confirming that it is and has been, independent throughout the conduct of the audit engagement in accordance with the terms of all relevant professional and regulatory requirements.

During the year the AC held two separate independent meetings with the external auditors in the absence of the executive Board members and management representatives during which the external auditors informed the AC that they had received full co-operation from the Management as well as unrestricted access to all information required for purpose of their audit and there were no special audit concerns to be highlighted to the AC.

### REVIEW OF BOARD AND BOARD COMMITTEES' POLICIES AND PROCEDURES

The Board reviewed its Board Charter alongside the terms of reference for each of the Board Committees. The information was up-to-date with the revised regulatory expectations as well as the expectations of stakeholders for directors to exercise greater vigilance and skepticism in understanding and shaping the direction of the Company. These authoritative documents serve to guide the governance and conduct of the Board and Board Committees.

The Board was satisfied with the evaluation conducted by NC that all members of the Board and Board Committees were suitably qualified to hold their positions having considered amongst their respective academic and professional qualifications, skills, competencies, tenure, experiences, commitment and contribution to the Board and Board Committees.

## CORPORATE GOVERNANCE OVERVIEW STATEMENT

### SUSTAINABILITY

Sustainability governance in the Company is spearheaded by the Environment & Sustainability Committee and overseen by the Chief Executive – Group Plantations and Board. The Environment & Sustainability Committee is supported by the RSPO Sub-Committee. The Company's sustainability strategies, priorities and targets are in line with its sustainable agriculture policy and sustainability framework after taking into account the materiality assessment endorsed by the Board every two years. Progress and performance towards the targets are transparently published through the annual sustainability report.

### PROMOTING GOOD BUSINESS CONDUCT

A code of conduct has been put in place to foster an ethical culture and allow legitimate concerns to be raised in confidence without the risk of reprisal ("said Code"). The said Code is reviewed periodically by the Board and published on the Company's website.

The Company has undertaken a group-wide integrity program with the view to instill the value and culture of good corporate behavior among its employees. As part of the said program, the Group has implemented its anti-bribery and corruption policy ("ABC Policy") with which various adequate procedures were introduced pursuant to section 17A of the Malaysian Anti-Corruption Commission (Amendment) Act 2018 ("MACC Amendment Act 2018"). This ABC policy, which is available on the Company's website, is to deter and prevent acts of bribery and corruption among employees of and third parties dealing with the Group.

The Company has in place the standalone whistle-blowing policy to promote and maintain high transparency and accountability at the workplace, manage reports of improper conduct in an objective and timely manner, provide protection to the whistle-blower from unfair dismissal, victimisation, demotion, suspension, intimidation or harassment, discrimination, any action causing injury, loss or damage or any other retaliatory actions, provide a transparent and confidential process in dealing with any such whistle-blowing of improper conduct, protect the reputation of the Group and improve and maintain a healthy and productive culture ("Whistle-Blowing Policy"). Any party who believes or has reasonable grounds to believe that improper conduct has occurred or is occurring should report their concerns using the available reporting channels as stated in the Whistle-Blowing Policy. The whistle-blowers and/or their interests will not in any way be implicated or impaired whatever the outcome of the investigation is, so long as the reports have been made in good faith. The Whistle-Blowing Policy is published on the Company's website.

### RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK

The Board is cognisant that a robust risk management and internal control framework helps the Group to achieve its value-creation targets by providing risk information to enable better formulation of the Group's strategies and decision-making. The Group's risk management and internal control framework covers not only financial controls but also operational, environmental and compliance controls as well as corporate liability as set out under section 17A of the MACC Amendment Act 2018. The risk management committee of the Group ("RMC") assumes the risk management responsibility, building upon already established structures and mechanisms to implement the processes for identifying, evaluating, monitoring and reporting of risks as well as to take appropriate and timely corrective actions as required. The managing director assumes the role of chairman of the RMC while the chief executive leads the risk management function of the Group. An annual comprehensive risk management report and a half yearly update on salient changes to the key risk profile are tabled to the AC to facilitate timely assessment.

The Group has an in-house internal audit department ("IA") which is independent of the activities. The IA provides the AC and the Board with assurance regarding the adequacy and integrity of the system of internal control. The IA adopts a risk-based approach and prepares its audit strategy and plan based on the respective risk profile of the Group. To discharge its functions independently and effectively, the IA has unfettered access to the Group's records, properties and personnel and most importantly, a direct reporting line to the AC.

## CORPORATE GOVERNANCE OVERVIEW STATEMENT

### COMMUNICATION WITH STAKEHOLDERS

The Board believes in apprising the Company's stakeholders of all material business events in a timely manner. In this connection, the Board ensures timely announcements of all material transactions to Bursa Securities, which are also made available on the Company's website. The Company's website contains recent announcements, past and current reports to shareholders, including summaries of key financial data as well as copies of recent notices and minutes of general meetings. While the Company endeavours to provide as much information as possible to its stakeholders, it is mindful of the legal and regulatory framework governing the release of material and price-sensitive information, as well as the commercial sensitivity of certain information.

### CONDUCT OF GENERAL MEETING

The Board recognises the significance of the AGM as a platform for direct and meaningful communication between the Board and the Company's shareholders. As such, the Board strives to ensure that shareholders are accorded with sufficient time to consider the resolutions that will be discussed and decided upon at the AGM.

The notice convening the AGM in 2022 was issued 28 days prior to AGM ("AGM 2022"). This goes above and beyond section 316(2) of Companies Act 2016 and paragraph 7.15 of LRs of Bursa Securities which call for a 21-days notice period.

The notice for the AGM 2022 outlines the resolutions to be tabled during the meeting and is accompanied with explanatory notes and background information where applicable to shed clarity on the matters that will be decided at the AGM 2022. Shareholders were provided the administration guide on how to register, appoint proxy, participate and vote remotely via remote participation and electronic voting facilities ("RPEV") together with the notice of AGM 2022.

AGM 2022 was conducted by way of a fully virtual meeting and all the non-executive directors participated the AGM 2022 via live streaming whilst the Chairman and executive directors as well as the company secretary were present at broadcast venue.

The external auditors, Messrs KPMG PLT, were also invited to attend the AGM 2022 virtually to address queries from shareholders relating to the conduct of the audit and the preparation and content of the auditor's report.

At the commencement of AGM 2022, the Chairman duly advised the shareholders that they were encouraged to submit their questions or queries in the query box of RPEV throughout the AGM 2022 proceeding. The questions and the corresponding replies were also read out by the Chairman during the AGM 2022. All resolutions were voted via electronic poll voting. The poll results were verified by the scrutineer, GovernAce Advisory & Solutions Sdn Bhd and the Chairman declared the resolutions were duly passed. The poll results were also announced by the Company to Bursa Malaysia Securities Berhad on the same day for the benefit of all shareholders.

Minutes of the AGM 2022 as well as questions and answers posted by the shareholders and proxies were made available on the Company's website at [www.hapsengplantations.com.my](http://www.hapsengplantations.com.my).

# STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

The Board is committed to ensure a sound system of risk management and internal control in the Group and is pleased to provide the following Statement on Risk Management and Internal Control which outlines the nature of internal control of the Group during the financial year ended 31 December 2022 pursuant to paragraph 15.26(b) of the Listing Requirements. In making this statement, the Board is guided by the “Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers” (“SRMICG”) which is issued by the Taskforce on Internal Control with the support and endorsement of the Exchange.

## Board’s Responsibility

The Board recognises that a sound risk framework and management process and system of internal control is fundamental to good corporate governance and an effective risk management to assist the Group to achieve its performance and profitability targets.

The Board acknowledges its responsibility for the Group’s risk management and system of internal controls covering not only financial controls but also operational, environmental and compliance controls.

The risk framework and management process and system of internal control are designed to meet the Group’s needs and to manage the risks to which it is exposed.

The risk framework and management process and system of internal control, by their nature, can only provide reasonable but not absolute assurance against material loss or against the Group failing to achieve its objectives.

Towards this end, the Group has a formal approach towards identifying, evaluating, monitoring and managing the significant risks affecting the achievement of its business objectives.

The Audit Committee assists the Board in the reviewing process, however, the Board as a whole remains responsible for all the actions of the Audit Committee with regards to the execution of the delegated role.

## Risk Management

The Group Risk Management Committee takes responsibility for risk management, building upon already established structures and mechanism.

Members of the Group Risk Management Committee comprise the following:

two executive directors, one being the group managing director	chief financial officer
chief executive of plantation division	head of group internal audit; and
group chief operating officer	chief risk officer / senior manager overseeing the risk management function
deputy group finance director	

The group managing director assumes the role of chairman of the committee while the chief executive leads the risk management function of the business unit.

## STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

Responsibilities of the Group Risk Management Committee include inter-alia the following:

- To develop risk management policies, which includes risk management strategies and risk tolerance level for the Group;
- To develop methodologies to identify, evaluate, prioritise, address and report the various risks within the Group;
- To periodically review the effectiveness of the existing risk management policies and methodologies and recommend changes thereto;
- To monitor and ensure the implementation and compliance of the risk management policies and methodologies across the Group;
- To review the key risk profile of the Group and ensure that all significant risks are managed effectively, including the evaluation and treatment of newly identified risk, review and monitor the implementation of action plans to mitigate the significant risks identified;
- To report risk exposures or risk management activities to the Audit Committee on a timely basis; and
- To promote risk awareness and/or facilitate training on risk management.

The Group Risk Management Committee together with the Group's management are responsible for implementing the processes for identifying, evaluating, monitoring and reporting of risks and internal control, taking appropriate and timely corrective actions as required. This is designed to be responsive to changes in the business environment and is communicated to the appropriate levels through existing reporting structures and processes of the Group.

Key risks critical to the Group's strategic objectives are identified and scored for likelihood of the risks occurring and the magnitude of the impact.

A database of strategic risks identified with appropriate controls has been created and the information filtered to produce a detailed risk register/scorecard. The risk profiles are updated every six months to reflect the prevailing operating conditions.

Risk assessment interviews have been conducted by the senior manager overseeing the risk management function with the chief executive and managers in charge as part of its assessment of strategic risks affecting the Group.

The risks profile has been tabled to the Group Risk Management Committee highlighting on the key risks, their causes and management action plans thereon.

The Group Risk Management Committee reports its activities and makes recommendations to both the Audit Committee and the Board. An annual comprehensive risk management report and a half yearly update on salient changes to the key risk profile are tabled to the Audit Committee to facilitate timely assessment.

Any major changes to risks or emerging significant risk in the Group together with the appropriate actions and/or strategies to be taken, will be brought to the attention of the Board by the chairman of the Audit Committee.

## STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

### Internal Control

The Board places emphasis on a sound system of internal control to facilitate the effective and efficient operation of the Group's businesses by enabling the Board and the management to respond appropriately to any significant business, operational, environmental, compliance and other risks in achieving the Group's objectives.

Nevertheless, the Board also recognises that the system of internal control can only reduce, but cannot eliminate, the possibility of poor judgement in decision-making, human error, control processes being deliberately circumvented by employees and others, management overriding controls and the occurrence of unforeseeable circumstances. As such, the Board reiterates that the system of internal control, by its nature, can only provide reasonable but not absolute assurance against material loss or against the Group failing to achieve its objectives.

The key elements of the Group's internal control system are described below:

- Clearly defined delegation of responsibilities to the Board Committees and to operating units, including authorisation levels for all aspects of the business.
- Documented internal procedures and/or processes set out in Operating Manuals of individual operating units, whenever applicable, which include processes to generate timely, relevant and reliable information and proper record keeping as well as compliances with applicable laws and regulations and internal policies for the conduct of business.
- Regular internal audit visits in accordance with the approved internal audit plan by Audit Committee which monitors compliance with procedures and assess the integrity of financial information.
- Regular and comprehensive information provided to management, covering financial performance and key business indicators.
- A detailed budgeting process where operating units prepare budgets for the coming year to be approved by the Board.
- A monthly monitoring of results against budget, with major variances being followed up and management action taken, where necessary.
- Regular visits to operating units by senior management whenever appropriate.
- Review of business processes to assess the effectiveness of internal controls by the internal audit department and the highlighting of significant risks impacting the Group by the head of internal audit to the Audit Committee. Annual internal audit plan is reviewed by the Audit Committee.
- In the presence of the group managing director, group finance director and chief financial officer for the purpose of ascertaining the state of internal control and to obtain assurance of the internal control system as to its effectiveness and adequacies in all material aspects, the Audit Committee reviews and holds discussion on significant internal control issues identified in reports prepared by the internal audit department.
- Code of Conduct as set out in the Board Charter and the Employees' Handbook.

## STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

### Internal Audit Function

The Group has an internal audit function which is outsourced to Hap Seng Management Services Sdn. Bhd., a wholly owned subsidiary of Hap Seng Consolidated Berhad, at a cost of approximately RM1.13 million per annum. The internal audit function is independent of the activities or operations of other operating units in the Group, which provides the Audit Committee and the Board with much of the assurance it requires regarding the adequacy and integrity of the system of internal control.

The head of internal audit department is a member of Malaysian Institute of Accountants and The Institute of Internal Auditors of Malaysia and he is assisted by a team of qualified personnel.

The internal audit functions of the department are carried out using a risk based, systematic and disciplined approach, guided by the standards recognised by these professional bodies.

The head of internal audit has direct access to the chairman of the Audit Committee and whenever deemed necessary, meets with the Audit Committee without the management being present.

The principal responsibility of the internal audit department is to undertake regular and systematic reviews of the system of internal controls, risk management and governance processes so as to provide reasonable assurance that such system operates satisfactorily and effectively within the Company and the Group and reports to the Audit Committee on a quarterly basis.

Internal audit strategy and a detailed annual internal audit plan are presented to the Audit Committee for approval. The internal audit function adopts a risk based approach and prepares its audit strategy and plan based on the risk profiles of the operating units of the Group.

Summary of the works of the internal audit function are as follows:

- Undertook internal audit based on the audit plan that had been reviewed and approved by the Audit Committee which includes the review of operational and environmental compliance with established internal control procedures, management efficiency, risk assessment and reliability of financial records as well as governance processes.
- Attended business review meetings held regularly by the Group's senior management to keep abreast with the strategic and operational planning and development issues.
- Conducted investigations with regard to various specific areas of concern as directed by the Audit Committee and the management.
- Attended the meetings conducted by the Group Risk Management Committee.
- Assessment of key business risks at each operating units which were identified by risk analysis and continuous monitoring of control compliance through data extraction and analysis techniques.
- Issued internal audit reports to the Audit Committee which encompassed identification and assessment of business risks.

## STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

### Other Risks and Control Processes

Apart from risk assessment and internal audit, the Group has in place an organisational structure with defined lines of responsibility, delegation of authority and a process of hierarchical reporting. It has formalised Limits of Authority which provides the authority limits of the employees in the approval of various transactions and an Employees' Handbook which highlights policies on Group's objectives, terms and conditions of employment, remuneration, training and development, performance review, safety and misconduct across the Group's operations.

The Board is also supported by Board Committees with specific delegated responsibilities. These committees have the authority to examine all matters within their scope and responsibilities, as provided in the Board Charter, and report to the Board with their recommendations. (For more details on the various committees, please refer to the pages 34 to 37 in this annual report)

The Audit Committee meets with the independent external auditors at least twice a year, without management being present, to discuss their remit and any issues or observations of the independent external auditors, recognising that such issues or observations will generally be limited to risks and controls related to the financial statements.

The Board is provided with financial information on a quarterly basis which includes key performance and risk indicators and amongst others, the monitoring of results against budget.

Assurance to the Board was given collectively by the group managing director, group finance director and chief financial officer that the Group's risk management and internal control system is operating adequately and effectively in all material aspects, based on the risk management model adopted by the Group.

### CONCLUSION

Based on the foregoing as well as the inquiries and information provided, the Board is assured that the risk management process, system of internal control and other processes put in place through its Board Committees were operating adequately and effectively in all material aspects to meet the Group's objectives for the year under review and up to the date of approval of this Statement on Risk Management and Internal Control for inclusion in the annual report.

### REVIEW OF THE STATEMENT BY EXTERNAL AUDITORS

The external auditors have reviewed this Statement on Risk Management and Internal Control pursuant to the scope set out in Audit and Assurance Practice Guide ("AAPG") 3, *Guidance for Auditors on Engagements to Report on the Statement on Risk Management and Internal Control included in the Annual Report* issued by the Malaysian Institute of Accountants ("MIA") for inclusion in the annual report of the Group for the year ended 31 December 2022, and reported to the Board that nothing has come to their attention that cause them to believe that the Statement intended to be included in the annual report of the Group, in all material respects has not been prepared in accordance with the disclosures required by paragraphs 41 and 42 of the SRMIG or is factually inaccurate. The external auditors' report was made solely to the Board of Directors in accordance with the listing requirements of Bursa Malaysia and for no other purpose. As stated in their report, the external auditors do not assume responsibility to any other person other than the Board of Directors for the content of this report.

AAPG 3 does not require the external auditors to consider whether the Directors' Statement on Risk Management and Internal Control covers all risks and controls, or to form an opinion on the adequacy and effectiveness of the Group's risk management and internal control system including the assessment and opinion by the Board of Directors and management thereon. The auditors are also not required to consider whether the processes described to deal with material internal control aspects of any significant problems disclosed in the annual report will, in fact, remedy the problems.

## STRENGTHENING OUR SUSTAINABILITY PRACTICES

As a responsible producer, we remain committed in prioritising safety and health aspects for the well-being of our employees and have made it a cornerstone of our journey towards sustainability. We recognise the importance of consistently reminding, monitoring and train our personnel at all levels about workplace safety, as well as providing a safe working and living environment.

As part of our Best Management Practices (BMP), we focused on innovating through automation and digitalisation using drone technology. This ongoing effort is aimed at improving our precision agriculture management. We have explored the use of spraying drone as an alternative solution for effective and efficient productivity, safety, and profitability. This technology is used to reduce reliance on manpower and achieve a higher level of productivity for pests and diseases (P&D) spraying.

We are committed to reducing the impact of greenhouse gas emissions from our operations. One of our major efforts in this direction is the commissioning of biogas plants which capture methane gas from Palm Oil Mill Effluent (POME) and convert it into electricity. In FY2022, we achieved a 28% reduction in greenhouse gas (GHG) emissions in comparison to FY2021.

To ensure that our palm oil meets stricter food safety requirements on free and bound 3-monochloropropane diol (3-MCPDE), we have commissioned the chloride washing plants at Bukit Mas Palm Oil Mill (BPOM) and Jeroco Palm Oil Mill 1 (JPOM 1) in January 2022. This was in response to the requirement by the European Food Safety Authority Panel on Contaminants in the Food Chain on tolerable daily intake of free and bound 3-MCPDE.

We actively assisted 11 independent smallholders and outgrowers in pursuing sustainability certifications. As of this reporting period, four independent smallholders and outgrowers have obtained both RSPO and MSPO certifications, while another three are MSPO certified. We are committed to supporting the certification of independent smallholders and outgrowers who supply to us, and we collaborate with buyers who share similar commitment to sustainable sourcing.

Our improved ranking in the Zoological Society of London Sustainable Palm Oil Transparency Toolkit (ZSL SPOTT) affirms that we are on the right track. In the ZSL SPOTT's November 2022 assessment, we achieved a major breakthrough by scoring more than 80% for the first time, a score achieved by only two other Malaysian plantation companies presently.

While we recognise that there is still more we can do to advance our sustainability efforts, we remain steadfast to pursuing sustainable practices in all aspects of our operations. We are confident that with the continued support, efforts, and active participation of our people and stakeholders, we can achieve even greater success in this endeavour.

## 2022 SUSTAINABILITY HIGHLIGHTS & ACHIEVEMENTS

### Tracking Progress on Our Commitments

Year	Status
2015	• All mills RSPO certified
	• Establish a GHG baseline
	• Increase FFB yield to 22 MT per hectare
	• Complete a biodiversity baseline study
	• No increase in lost time accident rate
	• Zero fatality
2016	• ISCC EU certification of all mills
	• Complete guidelines on biodiversity management at landscape level using an HCV approach
	• Develop a GHG emissions reduction plan
2017	• Reduce BOD level to 20 parts per million (ppm) for JPOM
	• HACCP certification of all mills
	• Increase CPO extraction rate to 22.5%
	• MSPO certification of Pelipikan Estate
	• Reduce GHG emissions intensity to between 1.5 to 2.0 MT CO <sub>2</sub> -e/ MT CPO
	• MSPO certification of all estates and mills
2018	• RSPO & MSPO certification of 50% of JPOM 2 external FFB
2019	• Reduce BOD level to 20 parts per million (ppm) for BPOM
	• Reduce BOD level to 20 parts per million (ppm) for TPOM
2020	• 70% reduction of COD level at anaerobic treatment for JPOM & BPOM
	• Biogas facilities with methane capture for all mills
2021	• Reduce GHG emissions intensity to between 1.0 to 1.5 MT CO <sub>2</sub> -e/ MT CPO
2022	• RSPO & MSPO certification of 100% of JPOM 2 and TPOM external FFB
	• 70% reduction of COD level at anaerobic treatment for TPOM
	• Reduce GHG emissions intensity to below 1.0 MT CO <sub>2</sub> -e/ MT CPO
2023	• Commisioning of Electrostatic Precipitators (ESP) for all mills

## OUR MATERIAL MATTERS

Materiality assessment involved internal engagement and the identification of external stakeholder expectations and trends. The outcome of the findings, comprising all the key sustainability issues raised by the stakeholders, are then reorganised to reflect issues that are of high concern to stakeholders and of high significance to Hap Seng Plantations. These issues are organised in accordance to our three pillars of sustainability - Environmental, Economic (marketplace) and Social (employees & community) and reflected in the updated materiality matrix.

## OUR SUSTAINABILITY AGENDA

Sustainability serves as an important aspect to our agenda in line with our operations and business strategies as we strive towards making our business more sustainable and responsible by continuously working to strengthen our policies and guidance in all aspects of our palm oil operations.

### Marketplace

Engage in responsible business practices by staying committed to ethical business conduct, responsible agriculture practices, as well as producing safe and quality products.

### Workplace

Prioritise our people by focusing on uplifting the safety and health, work environment, as well as family welfare of our employees.

### Community

Promote community advancement by building a mutually beneficial relationship that support the enrichment of local communities through provision of convenient means of transportation, business and employment opportunities, as well as access to a better quality of life.

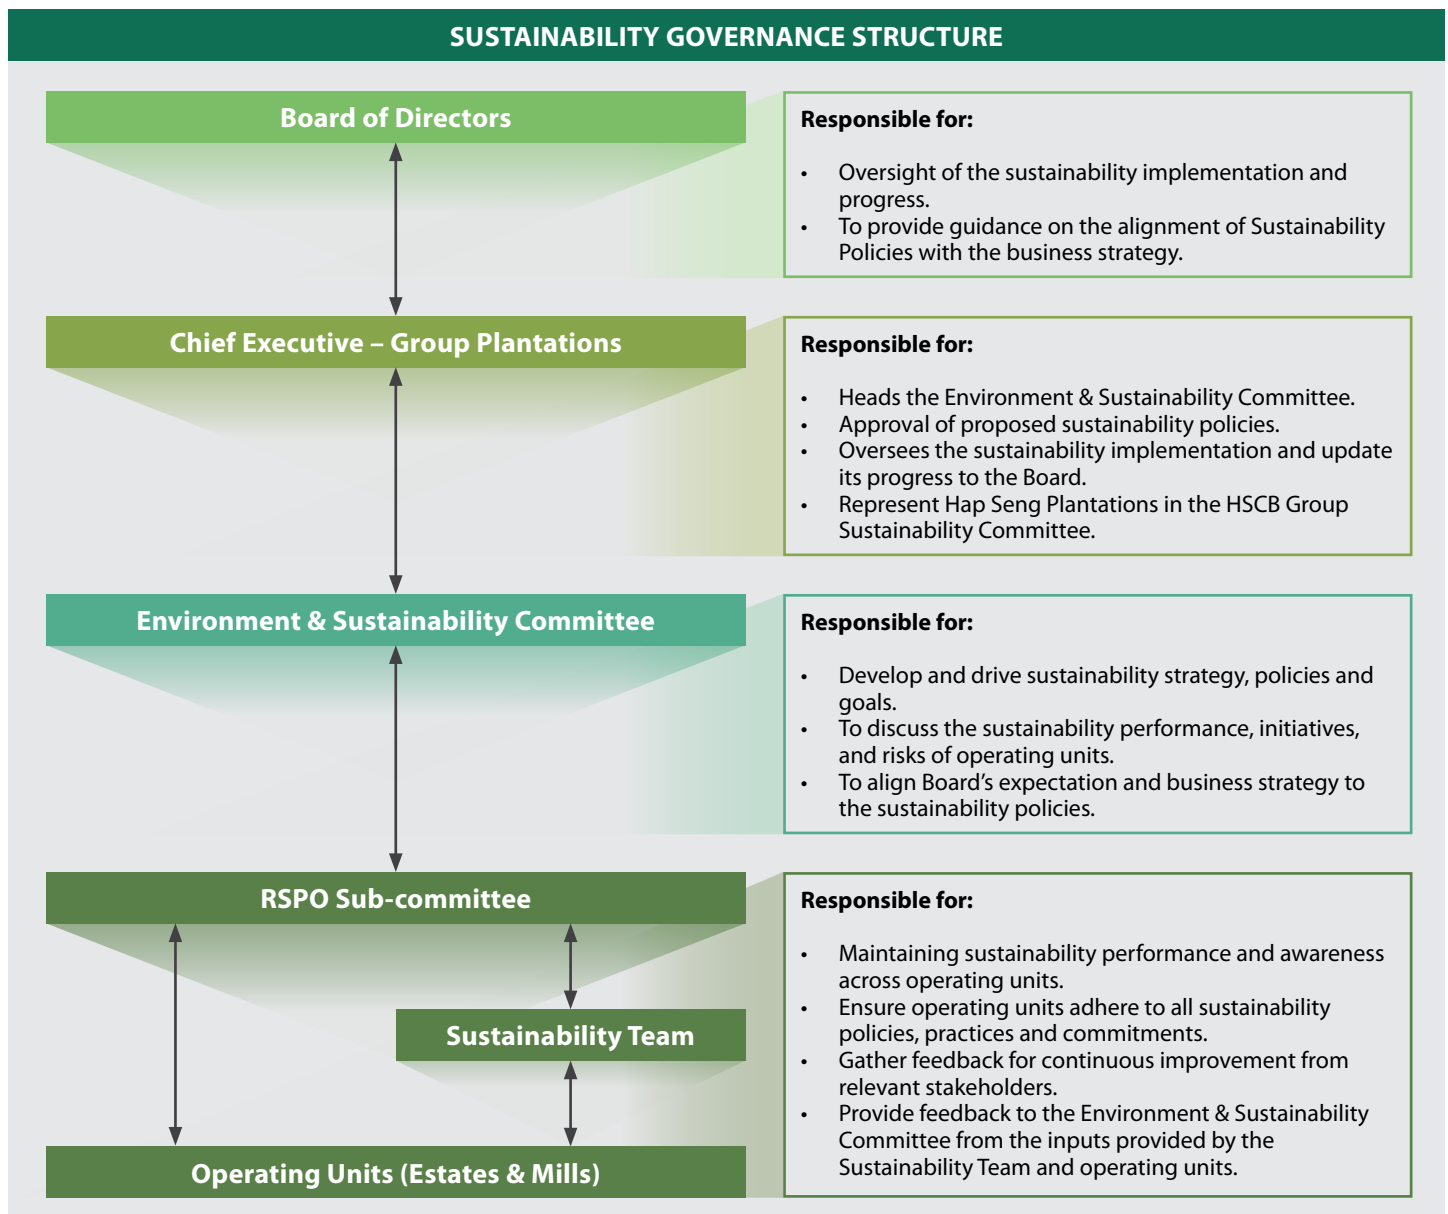

### Environment

Practise on environmental remediation, conservation and preservation on forest and riparian reserve area with a long-term plan to enrich the flora biodiversity within the vacant areas in Hap Seng Plantations with forest tree species.

## SUSTAINABILITY GOVERNANCE

Sustainability governance in Hap Seng Plantations is spearheaded by the Environment & Sustainability Committee and overseen by the Chief Executive – Group Plantations who reports to the Board of Directors. The Environment & Sustainability Committee is supported by the RSPO Sub-committee to develop and drive sustainability strategies, policies and goals to achieve the overall effectiveness and adequacy in the management of environmental, social and governance (ESG) issues in accordance to the Hap Seng Plantations Sustainability Policies. Hap Seng Plantations Sustainability Policies consist of commitments within the ESG requirements to create additional value to the businesses. The policies will be updated depending on the sustainability material matters and future trends derived from engagement with the stakeholders. The Chief Executive or his/her nominee also will represent Hap Seng Plantations in the Hap Seng Consolidated Berhad's Sustainability Committee.

We have implemented several sustainability policies aimed at fulfilling our commitments without compromising on performance. These policies apply to Hap Seng Plantations and all its subsidiaries. We also encourage our contractors, suppliers and independent local outgrowers and smallholders to adopt our policies.

## MARKETPLACE

### RESPONSIBLE BUSINESS AND PRACTICES

#### Responsible Supply Chain

Currently, 3.0% of the FFB purchased from our third party suppliers (independent local outgrowers and smallholders) are RSPO or MSPO certified as four out of the 11 independent local outgrowers and smallholders have successfully obtained both RSPO and MSPO certifications, while another three of them have obtained the MSPO certification as at December 2022. The three RSPO certified outgrowers and smallholders have been sending their crop to our identity preserved mill at BPOM since August 2020 while another one RSPO certified outgrower has been sending their certified crop to mass balance mill at JPOM 2 since August 2022. This is expected to contribute to the volume of our certified products in the near future.

#### Commitment to Traceability

88% of our FFB originates from our own plantations while the remaining 12% are from third parties. We have established a taskforce in 2017 to monitor the traceability of our products and had developed and implemented the "Traceability and Supply Chain Standard Operating Procedure". We have achieved full traceability of the FFB that we procure through our efforts. Furthermore, of the traceable FFB, 79% are RSPO certified.

#### RESPONSIBLE AGRICULTURE PRACTICES

##### Environmental Protection Mechanism

- 1 Environmental, Health and Safety Committee meeting – conduct quarterly meetings
- 2 Estates' administrative managers to execute decisions from the meeting (monitor, prevent & implement)
- 3 Proper management of waste
- 4 No violation of local regulations on pollution

## MARKETPLACE

### Monthly Riparian Monitoring Team

Hap Seng Plantations has introduced monthly riparian monitoring to comply with the requirements of the Sabah Water Resources Enactment 1998. For FY2022, we are continuing to maintain the riparian buffer distance requirement as per the Enactment.

To date, Hap Seng Plantations has maintained 1,056.74 hectares of riparian buffer area. We have also engaged with an authorised consultant registered with the Environment Protection Department of Sabah to monitor and inspect river water quality on quarterly basis. There has been no significant issue raised by the consultant during the reporting period.

### Monitoring Deforestation

Global Forest Watch (GFW) provides an open access tool for sustainability practitioners to create a deforestation free supply chain. It provides information about potential deforestation activities to users.

We continued to monitor potential deforestation activity of our own and suppliers' estates on monthly basis, which is also part of our commitment to our Sustainable Agriculture Policy. The monitoring covers the buffer zone boundary along the forest reserve area. In FY2022, we have not detected any evidence of deforestation taking place within our boundaries. There was also no deforestation activity reported on our FFB suppliers. The monitoring report is published on our website.

### Fire & Haze Management

Though transboundary haze did not recur in FY2022, Hap Seng Plantations continued to strictly abide by the regulations stipulated under the Environmental Quality Act 1974.

In line with our Zero Burning Policy, we established a monitoring team to patrol the perimeter adjacent to the forest reserve on a monthly basis. These patrols aim to identify and report signs of fire, as well as illegal encroachment and illegal hunting in the area.

We monitor fires and fire hotspots of our own and suppliers' estates using the Global Forest Watch Fire Portal. The reports are available on our company website at <https://www.hapsengplantations.com.my/environmental-sustainability.html>. We have recorded zero fire incident since we started the monthly monitoring in 2014.

Nine out of 11 independent local outgrowers and smallholders have also committed to our sustainability

policies that covers no planting on peat soil, zero burning, no deforestation, biodiversity conservation, protection of rare, threatened and endangered (RTE) species, human rights, Free, Prior and Informed Consent (FPIC) and the protection of HCV areas.

### Soil Management Practices

Hap Seng Plantations adhere to the best soil conservation practices as part of soil nutrient management, which determine our crop yield and quality. We employ good agriculture practices by using both cultural and biological methods such as planting leguminous cover crops to reduce soil erosion and improve crop quality.

We also construct earth terraces, silt pits and bunds, and maintain natural covers along palm avenues. As a measure to prevent soil erosion, we do not cultivate on slopes with a gradient of 25 degrees or more. Empty Fruit Bunch (EFB), oil palm trunks and fronds are mulched, composted and recycled as organic materials to maintain soil properties at an optimum level.

The recycling of nutrient-rich organic matters such as EFB, POME and belt press solids (BPS) as fertiliser is another common practice with multiple benefits. Reusing of biomass as fertiliser helps to reduce our reliance on agrochemicals, reduce our costs and mitigate our GHG emissions.

Hap Seng Plantations' Sustainability Agriculture Policy explicitly prescribed "no new development on peat areas regardless of depth" and this has been the practise. Similarly, the nine out of 11 independent local outgrowers and smallholders who have committed to implementing RSPO and MSPO certifications have agreed to adopt similar commitment as well as BMP for soils and peat from Hap Seng Plantations as these commitments comply with the requirements set by RSPO and MSPO.

### Water Efficiency

In FY2022, the total amount of water used for FFB processing in mills has increased to 1.88 m<sup>3</sup>/MT FFB (2021: 1.77 m<sup>3</sup>/MT FFB). The higher water consumption was due to higher water usage from the new boiler to control boiler's total dissolved solid (TDS), additional CPO washing plant and lower crop processed in FY2022.

In order to improve the quality and safety of our products, CPO washing plants were installed in November 2021 for BPOM and December 2021 for JPOM 1. Both plants were successfully commissioned in January 2022. The main function of a CPO washing plant is to reduce the level of 3-monochloro-1,2-propanediol, its esters (3-MCPDE), and glycidyl esters (GE) by removing the chloride in CPO. Due to the formation of 3-MCPDE, which can be triggered by the presence of chloride in CPO, the total chloride content in CPO is currently a critical quality factor that buyers closely monitor and has raised concerns on its potential health risks to humans. As part of the CPO washing process, chloride-free water is added into CPO in an amount of 5-10% by weight of the crude oil.

# WORKPLACE

## CARING FOR OUR PEOPLE

### TOWARDS A ZERO-FATALITY WORKPLACE

No fatality was recorded in FY2022 while the lost time accident rate decreased by 75% from 2.8 incidents per 200,000 hours worked in FY2014 to 0.7 incidents per 200,000 hours worked in FY2022. The severity rate (average amount of lost time per accident) increased by 71% from 2.8 in FY2014 to 4.8 in FY2022.

Our SOP requires all accidents to be reported and recorded at our clinic while the Occupational Safety & Health (OSH) committee will conduct a thorough review on the cause of the accident and outline recommendations and actions that need to be taken to prevent future recurrence. The findings of each review are reinforced by safety training and re-training on the use of appropriate protective equipment in order to minimise future risks. Investigation reports are kept and maintained at each estate and oil mill.

### COMMUNITY ADVANCEMENT

#### Building facilities for a Better Quality of Life

In FY2022, Hap Seng Plantations has an estimated 2,651 hectares of land for development of buildings and infrastructure, including residential buildings, medical clinics, sundry shops and recreational facilities.

Housing is provided to almost all of our 7,747 employees and their families. Workers' quarters are designed to incorporate a sufficient plot of land for cultivation of food. In addition, each estate has a shop that has been granted permission to operate by the company. The management regularly monitor the prices to ensure that goods remain affordable. At the end of each month, a special two-day bazaar is set up to facilitate the trading and selling of home-grown food.

## COMMUNITY

Hap Seng Plantations has contributed considerable amount of monetary commitment towards providing a better quality of life for its workers and the community. This comes in the form of quality housing, social and religious amenities, recreational and medical facilities as well as transportation and infrastructural facilities.

### Investing in Education for Our Community

#### HAP SENG PLANTATIONS EDUCATION INITIATIVE (RM)

Hap Seng Plantations believes in the role of education in poverty eradication. As a result, we invest significantly in education for our community. Due to our remote location and the presence of children of foreign workers, one of our key initiatives is to provide these children with access to schools. To achieve this, we collaborate with Humana Child Aid Society, a social non-governmental organisation that provides education to thousands of children living in plantations and other remote areas of Sabah, where schools are inaccessible.

In FY2022, we contributed an estimated RM497,644 to the Humana Child Aid Society to support its mission to provide education for children in plantations and other remote areas of Borneo. Moreover, we have also reached out to other plantation companies in the area to raise awareness of the right to basic education and to encourage them to adopt similar initiatives.

## COMMUNITY

### Main Capacity Building Programmes in 2022

#### Empowering Humana

Recognising the role of Humana Child Aid Society in their mission of providing education for children in our estates, the Group had contributed more than RM490,000 for their cost of expenditure and maintenance of the Humana schools in FY2022. Humana Child Aid Society is a Malaysian registered NGO that was created to provide education to children unable to access Malaysian schools for various reasons. We are currently supporting 11 Humana schools accommodating 803 students and 21 teachers in our plantations.

#### HSG EXPLORE! 2022

At Hap Seng, we are dedicated to nurturing the next generation of leaders in collaboration with MAD (Make a difference) Movement. To that end, we have invested over RM416,000 in our youth leadership programme in Sabah, which is centered around the theme of "EXPLORE!" Our aim is to equip young people with essential leadership skills that will help them achieve their full potential and make a positive impact in their communities.

The programme includes a range of interactive activities, such as the School Holiday Academy Programme Experience (SHAPE), parent engagement sessions, teacher training and more, to help students develop the skills and confidence they need to become effective leaders in their communities and for their future careers.

On 18 December 2022, the leadership programme concluded with a closing ceremony. Over 250 students, teachers and parents participated, and the event was

officiated by YB Datuk Nizam Abu Bakar Titingan, Assistant Minister to Sabah Chief Minister & Apas assemblyman. In his speech, he expressed pride in seeing students as young as nine years old participating in the programme, and gratitude that Hap Seng Plantations continue to invest in education and capacity-building for students.

The convention culminated in the presentation of the MAD projects by the participants from Sabah and Johor. These projects showcased the practical and tangible application of the knowledge and skills learned during the programme and their positive impact on the Malaysian community.

#### HSG Ignite Digital Maker 3.0

The Digital Maker programme was introduced in Lahad Datu District schools following its success in various districts throughout Sabah. The programme is part of a larger strategy aimed at promoting STEM (science, technology, engineering and mathematics) education and increasing digital literacy in Sabah. Recognising the benefits of this programme to the students and teachers, Hap Seng Plantations contributed RM320,000 to this programme in FY2022.

The programme offers a comprehensive training programme consisting of bootcamps and workshops designed to teach 20 primary school teachers from different schools about digital conceptualisation, creativity, and innovation. These skills will then be imparted to students through collaborative team projects. By training teachers and empowering students with digital skills, the programme aims to make a lasting impact on the education landscape in Sabah and increase access to digital literacy for all members of the community.

## ENVIRONMENT

### ENVIRONMENT STEWARDSHIP

#### Protecting Our Environment

Our operations in Sabah are located close to some of Southeast Asia's most striking biodiversity, including flagship species and flora endemic to the area. We have developed an evolving set of systems to ensure that our operations do not endanger wildlife habitats or ecosystem.

As environmental stewards, our focus is on forest preservation and conservation with a long-term plan to enrich the flora and fauna biodiversity within the vacant areas in Hap Seng Plantations with both protected plant and animal species.

Hap Seng Plantations strictly adhere to all relevant laws, as well as to RSPO, MSPO and ISCC EU certification principles and criteria. These commitments have been defined in our Sustainable Agriculture Policy where our journey towards a sustainable oil palm estate is set out. The policy is publicly available from our company website at [hapsengplantations.com.my](https://hapsengplantations.com.my).

#### In FY2022, we continued to:

- Conduct monthly monitoring of scheduled waste management by a competent person.
- Improve the recycling programme including workers' housing areas by conducting awareness training to all workers.
- Conduct monthly monitoring of landfill areas.
- Conduct monthly monitoring of riparian areas.
- Conduct monthly monitoring of deforestation activity and forest buffer zone.
- Conduct monthly monitoring of fire hot spots. The monitoring report is available on our company website.
- Engage with accredited external consultant to ensure environmental compliance which including workers housing areas, landfills, river water quality, scheduled waste management, sedimentation and sewerage ponds, riparian zone, forest buffer zone, soil erosion along river banks, replanting activities, air pollution, and water sources.

## ENVIRONMENT

**Safeguard Our Water Resources**

Hap Seng Plantations practice water resource management guided by a water management plan. This plan is revised annually to ensure our water sources are well managed and protected.

**The water management plan covers various aspects of water usage and conservation as follows:**

- Maintenance of riparian reserves to minimise soil run-off and act as a filter to preserve the quality of water entering the waterways
- Growing legume cover crops to prevent soil run-off
- Avoiding oil palm planting on steep terrain
- Monitoring and treating POME and wastewater prior to discharge
- Applying BioTUBE desludging technology to remove solids in POME, reducing BOD levels to within an acceptable limit as required by the Department of Environment (DOE).

We are mainly utilising water sourced from ponds and rainwater for our operations and domestic consumption. In FY2022, we have withdrawn 21,787 ML of water. Aside from ensuring water security within our operations, we also committed to ensure the generated wastewater is treated and discharged in accordance to the Environmental Quality Act 1974. Most of the 888.09 ML of wastewater was discharged as treated POME which was eventually utilised for field irrigation purpose within our estates. Analysis using the World Resources Institute's Aqueduct Tool shows that none of our estates and mills are located in water-stressed areas. Nevertheless, we continue to utilise rainwater harvesting facilities at our buildings as a cost-saving measure and to mitigate potential future water stress resulting from climate change. Additionally, using rainwater reduces the need of chemicals for water treatment.

**Managing POME Discharge**

We have been continuously striving to reduce BOD levels across all of our mills. The commissioning of a new biogas facility and polishing plant at BPOM has been instrumental in significantly reducing BOD since 2021. However, there has been a slight increase in average BOD recorded in comparison to FY2021, possibly due to variations in the quantity of FFB processed, weather conditions, and higher BOD level recorded at TPOM, which has not equipped with a biogas facility or CPO polishing plant.

To achieve our goal of meeting the 20 ppm BOD target for all mills, we have planned to build a biogas facility at TPOM in 2023 and target to be commissioned in 2024. Additionally, we have established a dedicated committee (the 20 ppm and Biogas Project Committee) to monitor BOD levels on a daily basis and support our efforts towards achieving this goal.

**Discharged POME BOD Level**

Mills	BOD level in				
	2022	2021	2020	2019	2018
<b>BPOM</b>	<b>11 ppm</b>	7 ppm	29 ppm	31 ppm	33 ppm

<b>TPOM</b>	<b>22 ppm</b>	17 ppm	22 ppm	19 ppm	23 ppm
<b>Total Average</b>	<b>16 ppm</b>	14 ppm	20 ppm	20 ppm	23 ppm

Even though there is no legal requirement by the DOE to report Chemical Oxygen Demand (COD), Hap Seng Plantations took the initiative to monitor the COD discharge level from our mills. Hap Seng Plantations aimed to achieve a 70% reduction in COD level at the POME discharge point compared to the POME in the anaerobic pond which typically ranges from 3,500 ppm to 5,500 ppm. The target has been achieved in all of our mills since 2022.

The level of COD from our discharged POME are as follow:

**Discharged POME COD Level**

Mills	COD level in			
	2022	2021	2020	2019
<b>BPOM</b>	<b>278 ppm</b>	391 ppm	456 ppm	373 ppm

<b>Total Average</b>	<b>331 ppm</b>	343 ppm	348 ppm	332 ppm

## ENVIRONMENT

Throughout FY2022, all Hap Seng Plantations' operations met or exceeded the relevant local thresholds for compliance with environmental regulations in relation to aquatic ecosystem and groundwater.

### Carbon Management – Action on GHG Emissions

Hap Seng Plantations recognise that climate change is a major threat to our planet, and we are committed to monitor and reduce our carbon emissions. We had established our GHG emissions baseline in FY2014 by using the RSPO's PalmGHG Calculator v2.1.1. RSPO introduced the new PalmGHG Calculator v4.0 in 2019 and since then, we have been calculating our emissions data using this latest version.

In FY2022, our net carbon emissions per tonne of CPO reduced by 28% as compared to FY2021. The significant reduction was attributed to the commissioning of a new biogas facility at BPOM and reduction in the emissions from land use change due to reclassification of more oil palm planted areas as planting on non-forested land. Land use change accounts for 69% of our GHG emissions. The estates supplying FFB to BPOM were originally cleared decades ago, and were left to regenerate until the 1990s when they were finally planted. Consequently, this land is classified as disturbed forest under the PalmGHG methodology.

Note that the 2014 figures were calculated using RSPO PalmGHG v2.1.1. For 2016, 2017 and 2018 the figures used the PalmGHG v3.0.1 while for figures from 2019 onwards are based on the PalmGHG v4.0. RSPO advises that recalculation is not necessary.

## ENVIRONMENT

GROUP EMISSION SOURCES AND SINKS (MT CO<sub>2</sub>-e)

Note: Peat and POME electricity credits have been omitted, as there are no emissions or offsets in these categories.

Net GHG emissions do not include estimated emissions from outgrowers.

We have also aligned our emissions to GHG Protocol using the data from PalmGHG. Direct GHG emissions (Scope 1) contributed 279,551.47 MT CO<sub>2</sub>-e while the indirect GHG emissions (Scope 2) contributed 85.38 MT CO<sub>2</sub>-e. The GHG emissions significantly reduced by the GHG sequestration and credit gained from our conservation efforts and natural carbon removal capacity from the planted oil palm trees. GHG reduction from sequestration and credit accounted as much as 68.27% of the gross GHG emissions, resulted in net GHG emission of 88,721.85 MT CO<sub>2</sub>-e.

FY2022	Emissions at MT CO <sub>2</sub> -e
Scope 1 Emissions	279,551.47
Scope 2 Emissions	85.38
Gross GHG Emissions	279,636.85
GHG Sequestration & Credit	190,915.00
Net GHG Emissions	88,721.85

Note: Emissions were based on the output of the RSPO PalmGHG calculator and mapped into scope 1 and scope 2 categories. Scope 2 emissions for Plantations only involve grid electricity consumption, with an emission factor of 0.550 Kg CO<sub>2</sub>-e/kWh (Source: Tenaga Nasional Berhad's Sustainability Report 2021).

## ENVIRONMENT

To gain a comprehensive understanding of our potential emissions reduction throughout our value chain, we have begun the process of quantifying scope 3 emissions. We recognise that full quantification of scope 3 emissions can be a complex and time-consuming process. Therefore, we plan to disclose our data progressively as we continue to develop our internal capacity to improve data accuracy and reliability.

Our quantification of scope 3 emissions has revealed that majority of the emissions were attributed to indirect fuel and energy-related activities utilised by our operations. A progressive transition plan towards utilisation of renewable fuel sources will help to reduce reliance on non-renewable energy, thereby lowering indirect emissions resulting from production of energy.

Our current recycling efforts have partially mitigated the emissions from generated waste by reducing the amount of waste sent to landfills. In FY2022, the operations avoided 59,649.52 MT CO<sub>2</sub>-e by recycling and reusing about 105,131 tonnes of waste. Majority of the waste was generated from oil palm biomass, which include oil palm fibre and empty fruit bunches. Oil palm fibre was utilised to generate renewable energy in the boiler, while the empty fruit bunches were reused for composting to improve the nutrient content of our oil palm estates.

The emissions resulting from employee commuting to work are fully attributable to the consumption of petrol and biodiesel by internal combustion vehicles. Due to

the nature of the industry and the lack of infrastructure to support energy-efficient vehicles, their utilisation is almost non-existent in plantation operations. However, the emissions contribution from employee commuting is relatively insignificant compared to other quantified scope 3 emission categories, as most employees consist of local people who reside nearby or within the estate community.

### Energy Management

We use direct energy from fossil fuels, such as diesel and petrol, to operate mechanised equipment and for vehicles to transport FFB from our estates to the mills. Additionally, we use fossil fuels for FFB processing in the mills, as well as for vehicles to transport CPO from the mills to ports or our customers. We also use fossil fuels to provide power to our employees' housing, except in our Batangan and Kapis estates, where electricity is supplied by the JPOM biogas facilities. In FY2022, our estates used a total of 14,254 litres of petrol, mainly for transportation purposes.

With the commissioning of our second biogas facilities at BPOM, fossil fuel usage was further reduced in our operations. We are now focusing on building another biogas facility at TPOM for electricity generation.

### GROSS EMISSION BY SOURCE

## ENVIRONMENT

Non-renewable Energy	Renewable Energy
Petrol	Oil palm fibre
Grid Electricity	Biogas

FY2022	Unit	
Non-renewable Energy		1,027,692.46
Renewable Energy		582,018,301.07
Excess Electricity Feed to Grid	MJ	0.00
<b>Total Energy Consumption</b>		<b>583,045,993.53</b>
<b>Energy Intensity</b>	MJ/MT CPO	<b>4,467.44</b>

Our operations consumed 583,045,993.53 MJ of energy derived from renewable and non-renewable energy. Renewable energy generated from biogas plant, burning of biomass and utilisation of biodiesel constitute 99.8% of the overall energy consumption. Dependency on grid electricity and petrol usage was significantly mitigated through high utilisation of renewable energy.

### Conserving Biodiversity

Most of our plantings were on land that was previously used for other agricultural purposes. Furthermore, a large part of our land bordering other plantations rather than forest. Nevertheless, we have allocated approximately 1,400 hectares or about 3.5% of our total land bank for conservation.

An assessment and a comprehensive management plan have been completed for our HCV area at Bukit Kibos Hill, a 75-hectare area located near to our headquarters. The management plan is monitored and reviewed annually by our internal assessment team.

Although a formal HCV assessment was never required by the RSPO for our HCV area, as there has been neither land clearing nor conversion since November 2015, we took the initiative to appoint an RSPO-approved HCV assessor to conduct a supplementary assessment. This assessment found that the area is home to diverse species of fauna.

## SUSTAINING OUR FUTURE

### Renewables at Hap Seng Plantations

As a responsible producer, we recognise that the production of palm oil generates waste which must be carefully managed to minimise its impact on the environment. The primary waste resulting from the production of crude palm oil is POME.

In line with our goals of reducing both GHG and BOD levels, we have commissioned biogas plants to capture methane from POME and convert it into electricity. This process will not only reduce the amount of methane released into the environment but also decreases our dependence on fossil fuels for energy generation. Additionally, the nutrient-rich by-products from our biogas plant can be used to replace expensive fertilisers, thereby further reducing our carbon footprint and benefiting our company economically.

## SUSTAINING OUR FUTURE

**Waste Management Programme – Recycling**

In FY2022, we generated 105,495.20 MT of wastes and managed to recycle 105,131.65 MT of recyclable wastes. Most of the recycled wastes consist of oil palm biomass recycled for energy generation and soil nutrient enhancement purposed. Other recycled wastes consist of paper, metal, plastics, glass and other recyclable waste that were collected by authorised waste collector for recycling.

As a responsible producer and in line with our goal for better waste management, Hap Seng Plantations has introduced a waste management programme to collect plastic bottles, glass bottles, paper and aluminium. Storage facilities for recycling waste were built at JGOE, SSGOE, TMGOE, Kawa and Pelipikan estates. To support the initiative, workers have been educated on the importance of waste recycling as part of their environmental sustainability training.

### MATERIAL LITIGATIONS

Details of material litigations are disclosed in Note 25 to the financial statements.

### SIGNIFICANT EVENT DURING THE YEAR

Significant event is disclosed in Note 26 to the financial statements.

## DIRECTORS' REPORT

### OTHER STATUTORY INFORMATION

Before the financial statements of the Group and of the Company were made out, the Directors took reasonable steps to ascertain that:

- (i) there are no bad debts to be written off and no provision need to be made for doubtful debts, and
- (ii) any current assets which were unlikely to be realised in the ordinary course of business have been written down to an amount which they might be expected so to realise.

At the date of this report, the Directors are not aware of any circumstances:

- (i) that would render it necessary to write off any bad debts or provide for any doubtful debts, or
- (ii) that would render the value attributed to the current assets in the financial statements of the Group and of the Company misleading, or
- (iii) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate, or
- (iv) not otherwise dealt with in this report or the financial statements that would render any amount stated in the financial statements of the Group and of the Company misleading.

At the date of this report, there does not exist:

- (i) any charge on the assets of the Group or of the Company that has arisen since the end of the financial year and which secures the liabilities of any other person, or
- (ii) any contingent liability in respect of the Group or of the Company that has arisen since the end of the financial year.

No contingent liability or other liability of any company in the Group has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations as and when they fall due.

In the opinion of the Directors, the financial performance of the Group and of the Company for the financial year ended 31 December 2022 have not been substantially affected by any item, transaction or event of a material and unusual nature nor has any such item, transaction or event occurred in the interval between the end of that financial year and the date of this report.

## DIRECTORS' REPORT

### AUDITORS

The auditors, KPMG PLT have indicated their willingness to accept re-appointment.

The auditors' remuneration for the Group and the Company for the current financial year are RM350,000 and RM80,000 respectively.

Signed on behalf of the Board of Directors in accordance with a resolution of the Directors:

Jalan P. Ramlee  
50250 Kuala Lumpur

The consolidated financial statements of the Group as at the end of the financial year ended 31 December 2022 comprise the Company and its subsidiaries.

The Company is principally engaged in investment holding and the principal activities of the subsidiaries are as stated in Note 4.

The immediate holding company is Hap Seng Consolidated Berhad, a company listed on the Main Market of Bursa Malaysia Securities Berhad and the ultimate holding company is Gek Poh (Holdings) Sdn. Bhd.. Both companies are incorporated in Malaysia.

These financial statements were authorised for issue by the Board of Directors on 17 April 2023.

## 1. BASIS OF PREPARATION

### (a) Statement of compliance

The financial statements of the Group and the Company have been prepared in accordance with Malaysian Financial Reporting Standards ["MFRSs"], International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

The following are accounting standards and amendments of the MFRSs that have been issued by the Malaysian Accounting Standards Board ["MASB"] but have not been adopted by the Group and the Company:

Standards/Amendments	Effective date
MFRS 17, <i>Insurance Contracts</i>	1 January 2023
Amendments to MFRS 17, <i>Insurance Contracts – Initial application of MFRS 17 and MFRS 9 – Comparative Information</i>	1 January 2023
Amendments to MFRS 101, <i>Presentation of Financial Statements – Classification of Liabilities as Current or Non-current and Disclosure of Accounting Policies</i>	1 January 2023
Amendments to MFRS 108, <i>Accounting Policies, Changes in Accounting Estimates and Errors – Definition of Accounting Estimates</i>	1 January 2023
Amendments to MFRS 112, <i>Income Taxes – Deferred Tax related to Assets and Liabilities arising from a Single Transaction</i>	1 January 2023
Amendment to MFRS 16, <i>Leases – Lease Liability in a Sale and Leaseback</i>	1 January 2024
Amendments to MFRS 101, <i>Presentation of Financial Statements – Non-current Liabilities with Covenants</i>	1 January 2024
Amendments to MFRS 10, <i>Consolidated Financial Statements</i> and MFRS 128, <i>Investments in Associates and Joint Ventures – Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</i>	Yet to be confirmed

The Group and the Company plan to adopt the abovementioned accounting standards or amendments, where applicable, when they become effective in the respective financial periods. The Group and the Company do not expect material impact on the financial statements in the period of initial application.

## NOTES TO THE FINANCIAL STATEMENTS

### 1. BASIS OF PREPARATION (CONTINUED)

#### (b) Basis of measurement

The financial statements have been prepared on the historical cost basis other than as disclosed in Note 2.

#### (c) Functional and presentation currency

These financial statements are presented in Ringgit Malaysia ["RM"], which is the Group's and the Company's functional currency. All financial information is presented in RM and has been rounded to the nearest thousand, unless otherwise stated.

#### (d) Use of estimates and judgements

The preparation of financial statements in conformity with MFRSs, requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

There are no significant areas of estimation uncertainty and critical judgements in applying accounting policies that have significant effect on the amounts recognised in the financial statements other than those disclosed in the following notes:

Note 3(b) - Extension options and discount rate in relation to leases  
 Note 3(e) - Impairment of property, plant and equipment  
 Note 4 - Impairment on investment in subsidiaries  
 Note 6 - Biological assets

## NOTES TO THE FINANCIAL STATEMENTS

### 2. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to the periods presented in these financial statements and have been applied consistently by the Group and the Company, unless otherwise stated.

#### (a) Basis of consolidation

##### (i) Subsidiaries

Subsidiaries are entities, including structured entities, controlled by the Company. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Potential voting rights are considered when assessing control only when such rights are substantive. The Group also considers it has de facto power over an investee when, despite not having the majority of voting rights, it has the current ability to direct the activities of the investee that significantly affect the investee's return.

Investments in subsidiaries are measured in the Company's statement of financial position at cost less any impairment losses, unless the investment is classified as held for sale or distribution. The cost of investments includes transaction costs.

##### (ii) Business combinations

Business combinations are accounted for using the acquisition method from the acquisition date, which is the date on which control is transferred to the Group.

For new acquisitions, the Group measures the cost of goodwill at the acquisition date as:

- the fair value of the consideration transferred; plus
- the recognised amount of any non-controlling interests in the acquiree; plus
- if the business combination is achieved in stages, the fair value of the existing equity interest in the acquiree; less
- the net recognised amount (generally fair value) of the identifiable assets acquired and liabilities assumed.

When the excess is negative, a bargain purchase gain is recognised immediately in profit or loss.

For each business combination, the Group elects whether it measures the non-controlling interests in the acquiree either at fair value or at the proportionate share of the acquiree's identifiable net assets at the acquisition date.

Transaction costs, other than those associated with the issue of debt or equity securities, that the Group incurs in connection with a business combination are expensed as incurred.

## NOTES TO THE FINANCIAL STATEMENTS

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (a) Basis of consolidation (continued)

##### (iii) Acquisition from entities under common control

Business combinations arising from transfers of interests in entities that are under the control of the shareholder that controls the Group are accounted for as if the acquisition had occurred at the beginning of the earliest comparative period presented or, if later, at the date that common control was established; for this purpose comparatives are restated. The assets and liabilities acquired are recognised at the carrying amounts recognised previously in the Group controlling shareholder's consolidated financial statements. The components of equity of the acquired entities are added to the same components within Group equity. Any difference between cost of merger and the share capital of the acquired entities is reflected within equity as merger reserve.

##### (iv) Loss of control

Upon the loss of control of a subsidiary, the Group derecognises the assets and liabilities of the former subsidiary, and the other components of equity related to the former subsidiary from the consolidated statement of financial position. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the former subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently, it is accounted for as an equity accounted investee or as a financial asset depending on the level of influence retained.

##### (v) Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements.

#### (b) Foreign currency transactions

Transactions in foreign currencies are translated to the functional currency of the Group entities at exchange rates at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies at the end of the reporting period are retranslated to the functional currency at the exchange rate at that date.

Non-monetary assets and liabilities denominated in foreign currencies are not retranslated at the end of the reporting date, except for those that are measured at fair value which are retranslated to the functional currency at the exchange rate at the date that the fair value was determined.

Foreign currency differences arising on retranslation are recognised in profit or loss, except for differences arising on the retranslation of equity instruments where they are measured at fair value through other comprehensive income or a financial instrument designated as a cash flow hedge, which are recognised in other comprehensive income.

## NOTES TO THE FINANCIAL STATEMENTS

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (c) Financial instruments

##### (i) Recognition and initial measurement

A financial asset or a financial liability is recognised in the statement of financial position when, and only when, the Group or the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without significant financing component) or a financial liability is initially measured at fair value plus or minus, for an item not at fair value through profit or loss, transaction costs that are directly attributable to its acquisition or issuance. A trade receivable without a significant financing component is initially measured at the transaction price.

An embedded derivative is recognised separately from the host contract where the host contract is not a financial asset, and accounted for separately if, and only if, the derivative is not closely related to the economic characteristics and risks of the host contract and the host contract is not measured at fair value through profit or loss. The host contract, in the event an embedded derivative is recognised separately, is accounted for in accordance with policy applicable to the nature of the host contract.

##### (ii) Financial instrument categories and subsequent measurement

###### Financial assets

Categories of financial assets are determined on initial recognition and are not reclassified subsequent to their initial recognition unless the Group or the Company changes its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change of the business model.

##### (a) Amortised cost

Amortised cost category comprises financial assets that are held within a business model whose objective is to hold assets to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The financial assets are not designated as fair value through profit or loss. Subsequent to initial recognition, these financial assets are measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Interest income is recognised by applying effective interest rate to the gross carrying amount except for credit impaired financial assets (see Note 2(l)(i)) where the effective interest rate is applied to the amortised cost.

## NOTES TO THE FINANCIAL STATEMENTS

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (c) Financial instruments (continued)

##### (ii) Financial instrument categories and subsequent measurement (continued)

##### Financial assets (continued)

##### (b) Fair value through other comprehensive income

##### (i) Debt investments

Fair value through other comprehensive income category comprises debt investment where it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling the debt investment, and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The debt investment is not designated as at fair value through profit or loss. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in other comprehensive income. On derecognition, gains and losses accumulated in other comprehensive income are reclassified to profit or loss.

Interest income is recognised by applying effective interest rate to the gross carrying amount except for credit impaired financial assets (see Note 2(l)(i)) where the effective interest rate is applied to the amortised cost.

##### (ii) Equity investments

This category comprises investment in equity that is not held for trading, and the Group and the Company irrevocably elect to present subsequent changes in the investment's fair value in other comprehensive income. This election is made on an investment-by-investment basis. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of investment. Other net gains and losses are recognised in other comprehensive income. On derecognition, gains and losses accumulated in other comprehensive income are not reclassified to profit or loss.

##### (c) Fair value through profit or loss

All financial assets not measured at amortised cost or fair value through other comprehensive income as described above are measured at fair value through profit or loss. This includes derivative financial assets (except for a derivative that is a designated and effective hedging instrument). On initial recognition, the Group or the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at fair value through other comprehensive income as at fair value through profit or loss if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets categorised as fair value through profit or loss are subsequently measured at their fair value. Net gains or losses, including any interest or dividend income, are recognised in the profit or loss.

All financial assets, except for those measured at fair value through profit or loss and equity investments measured at fair value through other comprehensive income, are subject to impairment assessment (see Note 2(l)(i)).

## NOTES TO THE FINANCIAL STATEMENTS

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (c) Financial instruments (continued)

##### (ii) Financial instrument categories and subsequent measurement (continued)

##### Financial liabilities

The categories of financial liabilities at initial recognition are as follows:

##### (a) Fair value through profit or loss

Fair value through profit or loss category comprises financial liabilities that are derivatives (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument), contingent consideration in a business combination and financial liabilities that are specifically designated into this category upon initial recognition.

On initial recognition, the Group or the Company may irrevocably designate a financial liability that otherwise meets the requirements to be measured at amortised cost as at fair value through profit or loss:

- if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise;
- a group of financial liabilities or assets and financial liabilities is managed and its performance is evaluated on a fair value basis, in accordance with a documented risk management or investment strategy, and information about the Group is provided internally on that basis to the Group's key management personnel; or
- if a contract contains one or more embedded derivatives and the host is not a financial asset in the scope of MFRS 9, where the embedded derivative significantly modifies the cash flows and separation is not prohibited.

Financial liabilities categorised as fair value through profit or loss are subsequently measured at their fair value with gains or losses, including any interest expense are recognised in the profit or loss.

For financial liabilities where it is designated as fair value through profit or loss upon initial recognition, the Group and the Company recognise the amount of change in fair value of the financial liability that is attributable to change in credit risk in the other comprehensive income and remaining amount of the change in fair value in the profit or loss, unless the treatment of the effects of changes in the liability's credit risk would create or enlarge an accounting mismatch.

##### (b) Amortised cost

Other financial liabilities not categorised as fair value through profit or loss are subsequently measured at amortised cost using the effective interest method.

Interest expense and foreign exchange gains and losses are recognised in the profit or loss. Any gains or losses on derecognition are also recognised in the profit or loss.

## NOTES TO THE FINANCIAL STATEMENTS

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (c) Financial instruments (continued)

##### (iii) Regular way purchase or sale of financial assets

A regular way purchase or sale of financial assets is recognised and derecognised, as applicable, using trade date or settlement date accounting in the current year.

Trade date accounting refers to:

- (a) the recognition of an asset to be received and the liability to pay for it on the trade date, and
- (b) derecognition of an asset that is sold, recognition of any gain or loss on disposal and the recognition of a receivable from the buyer for payment on the trade date.

Settlement date accounting refers to:

- (a) the recognition of an asset on the day it is received by the Group or the Company, and
- (b) derecognition of an asset and recognition of any gain or loss on disposal on the day that is delivered by the Group or the Company.

Any change in the fair value of the asset to be received during the period between the trade date and the settlement date is accounted in the same way as it accounts for the acquired asset.

Generally, the Group or the Company applies settlement date accounting unless otherwise stated for the specific class of asset.

##### (iv) Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument.

Financial guarantees issued are initially measured at fair value. Subsequently, they are measured at higher of:

- the amount of the loss allowance; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance to the principles of MFRS 15, *Revenue from Contracts with Customers*.

Liabilities arising from financial guarantees are presented together with other provisions.

##### (v) Derecognition

A financial asset or part of it is derecognised when, and only when the contractual rights to the cash flows from the financial asset expire or transferred, or control of the asset is not retained or substantially all of the risks and rewards of ownership of the financial asset are transferred to another party. On derecognition of a financial asset, the difference between the carrying amount of the financial asset and the sum of consideration received (including any new asset obtained less any new liability assumed) is recognised in profit or loss.

## NOTES TO THE FINANCIAL STATEMENTS

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (c) Financial instruments (continued)

##### (v) Derecognition (continued)

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged or cancelled or expires. A financial liability is also derecognised when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on modified terms is recognised at fair value. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

##### (vi) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group or the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and liability simultaneously.

#### (d) Property, plant and equipment

##### (i) Recognition and measurement

Items of property, plant and equipment are stated at cost less any accumulated depreciation and any accumulated impairment losses. Bearer plants are living plants used in the production or supply of agricultural produce; are expected to bear produce for more than one period; and have a remote likelihood of being sold as agricultural produce, except for incidental scrap sales.

Cost includes expenditures that are directly attributable to the acquisition of the asset and any other costs directly attributable to bringing the asset to working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. The cost of self-constructed assets also includes the cost of materials and direct labour. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

Oil palms are classified as bearer plants. Expenditure that are directly related to the planting and upkeep of oil palms are capitalised until the palms reach maturity. Upon maturity, maintenance and upkeep cost of oil palms are expensed off to profit or loss.

The carrying values of bearer plants are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable. The useful life and amortisation method are reviewed at each financial year end to ensure that the amount, method and period of amortisation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

## NOTES TO THE FINANCIAL STATEMENTS

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (d) Property, plant and equipment (continued)

##### (i) Recognition and measurement (continued)

The gain or loss on disposal of an item of property, plant and equipment is determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and is recognised in profit or loss.

A bearer plant is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the bearer plant is included in the profit or loss in the year the bearer plant is derecognised.

##### (ii) Subsequent costs

The cost of replacing a component of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the component will flow to the Group or the Company and its cost can be measured reliably. The carrying amount of the replaced component is derecognised to profit or loss. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

##### (iii) Depreciation

Depreciation is based on the cost of an asset less its residual value. Significant components of individual assets are assessed, and if a component has a useful life that is different from the remainder of that asset, then that component is depreciated separately.

Bearer plants include mature and immature oil palm plantations. Immature plantations are stated at cost which includes costs incurred for field preparation, planting, fertilising and maintenance, capitalisation of borrowing costs incurred on loans used to finance the developments of immature plantations and an allocation of other indirect costs based on planted areas. Mature plantations are stated at cost less accumulated amortisation and impairment, if any. Mature plantations are amortised on a straight-line basis over 22 years, the expected useful life of the oil palms, calculated from the time when the palms are declared mature, normally 36 months after initial planting. Upon maturity, all subsequent maintenance expenditure is charged to profit or loss.

Depreciation is recognised in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of property, plant and equipment. Depreciation commences when the bearer plants mature or when the assets under construction are ready for their intended use.

The estimated useful lives for the current and comparative periods are as follows:

Road and infrastructure	10 - 100 years
Buildings	10 - 33 years
Plant, machinery and motor vehicles	3 - 20 years
Furniture, fittings and equipment	3 - 10 years
Bearer plants	22 years

Depreciation methods, useful lives and residual value are reviewed at the end of the reporting period and adjusted as appropriate.

## NOTES TO THE FINANCIAL STATEMENTS

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (e) Leases

##### (i) Definition of a lease

A contract is, or contains, a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the customer has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the customer has the right to direct the use of the asset. The customer has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the customer has the right to direct the use of the asset if either the customer has the right to operate the asset; or the customer designed the asset in a way that predetermines how and for what purpose it will be used.

At inception or on reassessment of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease and non-lease component on the basis of their relative stand-alone prices. However, for leases of properties in which the Group is a lessee, it has elected not to separate non-lease components and will instead account for the lease and non-lease components as a single lease component.

##### (ii) Recognition and initial measurement

###### (a) As a lessee

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease.

## NOTES TO THE FINANCIAL STATEMENTS

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (e) Leases (continued)

##### (ii) Recognition and initial measurement (continued)

###### (a) As a lessee (continued)

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments less any incentives receivable;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee;
- the exercise price under a purchase option that the Group is reasonably certain to exercise; and
- penalties for early termination of a lease unless the Group is reasonably certain not to terminate early.

The Group excludes variable lease payments that linked to future performance or usage of the underlying asset from the lease liability. Instead, these payments are recognised in profit or loss in the period in which the performance or use occurs.

The Group has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low-value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

###### (b) As a lessor

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Group makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease.

If an arrangement contains lease and non-lease components, the Group applies MFRS 15 to allocate the consideration in the contract based on the stand-alone selling prices.

#### (e) Leases (continued)

##### (iii) Subsequent measurement

###### (a) As a lessee

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

Rented land	60 years
Motor vehicles	5 years
Buildings	3 years

Leasehold land of the Group is amortised over the period of the respective leases which range from 59 to 999 years.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a revision of in-substance fixed lease payments, or if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

###### (b) As a lessor

The Group recognises lease payments received under operating leases as income on a straight-line basis over the lease term as part of "other operating income".

#### (f) Biological assets

Biological assets comprised produce growing on bearer plants. Biological assets are measured at fair value less costs to sell. Any gains or losses arising from changes in the fair value less costs to sell are recognised net in profit or loss. Fair value is determined based on the present value of expected net cash flows from the biological assets. The expected net cash flows are estimated using the expected output method and the estimated market price of the biological assets.

Biological assets are classified as current assets for produce growing on bearer plants that are expected to be harvested on a date not more than 12 months after the reporting.

## NOTES TO THE FINANCIAL STATEMENTS

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (g) Assets held for sale

Assets that are expected to be recovered primarily through sale rather than through continuing use, are classified as held for sale.

Immediately before classification as held for sale, the assets are remeasured in accordance with the Group's accounting policies. Thereafter generally the assets are measured at the lower of their carrying amount and fair value less costs of disposal.

Impairment losses on initial classification as held for sale and subsequent gains or losses on remeasurement are recognised in profit or loss. Gains are not recognised in excess of any cumulative impairment loss.

Property, plant and equipment once classified as held for sale are not depreciated.

#### (h) Inventories

Inventories are measured at the lower of cost and net realisable value.

The cost of inventories is measured based on weighted average method, and includes expenditure incurred in acquiring the inventories, production costs and other costs incurred in bringing them to their existing location and condition.

Cost of crude palm oil and palm kernel includes direct labour, an appropriate share of production overheads and the fair value attributed to agriculture produce at year end in accordance to MFRS 141.

Cost of fresh fruit bunches acquired from third parties includes the cost of purchase of the inventory.

Oil palm nursery inventories consist of seedlings remaining in the nursery for eventual field planting. Cost of palm oil seeds and seedlings includes the cost of treatment and cultivation.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

#### (i) Receivables

Trade and other receivables are categorised and measured as financial assets at amortised cost in accordance with Note 2(c).

#### (j) Money market deposits

Money market deposits are categorised and measured as financial assets at fair value through profit or loss in accordance with Note 2(c).

#### (k) Cash and cash equivalents

Cash and cash equivalents consist of cash on hand, balances and deposits with licensed bank and highly liquid investments which have an insignificant risk of changes in fair value with original maturities of three months or less and are used by the Group and the Company in the management of their short term commitments.

Cash and cash equivalents are categorised and measured as financial assets at amortised cost in accordance with Note 2(c).

## NOTES TO THE FINANCIAL STATEMENTS

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (I) Impairment

##### (i) Financial assets

An impairment loss in respect of financial assets measured at amortised cost is recognised in profit or loss and the carrying amount of the asset is reduced through the use of an allowance account.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit loss, the Group and the Company consider reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's or the Company's historical experience and informed credit assessment and including forward-looking information, where available.

At each reporting date, the Group and the Company assess whether financial assets carried at amortised cost are credit-impaired. A financial asset is credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

The gross carrying amount of a financial asset is written off (either partially or full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group or the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's or the Company's procedures for recovery amounts due.

##### (ii) Other assets

The carrying amounts of other assets (except for inventories and non-current assets classified as held for sale) are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or cash-generating units.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs of disposal. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or cash-generating unit.

An impairment loss is recognised if the carrying amount of an asset or its related cash-generating unit exceeds its estimated recoverable amount. Impairment losses are recognised in profit or loss.

In respect of other assets, impairment losses recognised in prior periods are assessed at the end of each reporting period for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount since the last impairment loss was recognised. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. Reversals of impairment losses are credited to profit or loss in the financial year in which the reversals are recognised.

## NOTES TO THE FINANCIAL STATEMENTS

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (m) Equity instruments

Instruments classified as equity are measured at cost on initial recognition and are not remeasured subsequently.

##### (i) Issue expenses

Costs directly attributable to issue of instruments classified as equity are recognised as a deduction from equity.

##### (ii) Ordinary shares

Ordinary shares are classified as equity.

##### (iii) Repurchase, disposal and reissue of share capital (treasury shares)

When share capital recognised as equity is repurchased, the amount of the consideration paid, including directly attributable costs, net of any tax effects, is recognised as a deduction from equity. Repurchased shares that are not subsequently cancelled are classified as treasury shares in the statement of changes in equity.

When treasury shares are sold or reissued subsequently, the difference between the sales consideration net of directly attributable costs and the carrying amount of the treasury shares is recognised in equity.

#### (n) Employee benefits

Short term employee benefit obligations in respect of salaries, annual bonuses, paid annual leave and sick leave are measured on an undiscounted basis and are expensed as the related service is provided.

The Group's contributions to the Employees' Provident Fund are charged to profit or loss in the financial year to which they relate. Once the contributions have been paid, the Group has no further payment obligations.

#### (o) Revenue and other income

##### (i) Revenue

Revenue is measured based on the consideration specified in a contract with a customer in exchange for transferring goods or services to a customer, excluding amounts collected on behalf of third parties. The Group or the Company recognises revenue when (or as) it transfers control over a product or service to customer. An asset is transferred when (or as) the customer obtains control of the asset.

The Group or the Company transfers control of a good or service at a point in time.

## NOTES TO THE FINANCIAL STATEMENTS

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (o) Revenue and other income (continued)

##### (ii) Dividend income

Dividend income is recognised in profit or loss on the date that the Group's or the Company's right to receive payment is established.

##### (iii) Interest income

Interest income is recognised as it accrues using the effective interest method in profit or loss.

#### (p) Income tax

Income tax expense comprises current and deferred tax. Current tax and deferred tax are recognised in profit or loss except to the extent that it relates to a business combination or items recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted by the end of the reporting period, and any adjustment to tax payable in respect of previous financial years.

Deferred tax is recognised using the liability method, providing for temporary differences between the carrying amounts of assets and liabilities in the statement of financial position and their tax bases. Deferred tax is not recognised for the following temporary differences: the initial recognition of goodwill, the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax assets and liabilities on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at the end of each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

#### (q) Earnings per ordinary share

The Group presents basic earnings per share data for its ordinary shares ["EPS"].

Basic EPS is calculated by dividing the profit or loss attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the period, adjusted for own shares held.

## NOTES TO THE FINANCIAL STATEMENTS

### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (r) Contingencies

A contingent liability or asset is a possible obligation or asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of uncertain future event(s) not wholly within the control of the Group.

#### (s) Operating segments

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. Operating segment results are reviewed regularly by the chief operating decision maker of the Group, to make decisions about resources to be allocated to the segment and to assess its performance, and for which discrete financial information is available.

#### (t) Fair value measurement

Fair value of an asset or a liability, except for share-based payment and lease transactions, is determined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The measurement assumes that the transaction to sell the asset or transfer the liability takes place either in the principal market or in the absence of a principal market, in the most advantageous market.

For non-financial asset, the fair value measurement takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. Fair value is categorised into different levels in a fair value hierarchy based on the input used in the valuation technique as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date.

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: unobservable inputs for the asset or liability.

The Group recognises transfers between levels of the fair value hierarchy as of the date of the event or change in circumstances that caused the transfers.

The Group assesses at lease commencement by applying significant judgement whether it is reasonably certain to exercise the extension options. Group entities consider all facts and circumstances including their past practice and any cost that will be incurred to change the asset if an option to extend is not taken, to help them determine the lease term.

The Group also applied judgement and assumptions in determining the discount rate of the respective leases. Group entities first determine the closest available discount rates before using significant judgement to determine the adjustments required to reflect the term, security, value or economic environment of the respective leases.

- (c) The title of the Group's leasehold land with carrying amount of RM28,840,000 (2021: RM28,702,000) stipulated that not less than 30% of the undivided share of the said land or not less than 30% of the equity of the subsidiary being the registered owner of the said land, shall be transferred to/held by/registered in the name of native(s) ["Native Condition"]. During the financial year, the Land and Survey Department in Kota Kinabalu had granted further extension up to July 2027 to comply with the Native Condition.

- (d) Private caveat was entered by third parties on the Group's leasehold land with carrying amount of RM65,703,000 (2021: RM66,573,000) as disclosed in Note 25(a) to the financial statements.
- (e) The Group has evaluated whether the underlying property, plant and equipment including bearer plants are stated in excess of their recoverable amounts. The recoverable amounts of the assets are based on their estimated fair values, which are determined by a professional valuation firm using the following approaches:
- (i) Comparison approach for the assets with non optimal yield and production
  - (ii) Income approach based on discounted cash flow method

The carrying amounts of these assets are not impaired as at year end as the recoverable amount is higher than their respective carrying amount.

The Company conducted impairment assessment of its investment in subsidiaries by comparing their carrying amounts with their recoverable amounts. The recoverable amounts were arrived at based on the fair value less costs to sell method which represents the Company's share of the adjusted net assets in the subsidiaries.

The Company recognised an impairment loss on investment in subsidiaries of RM10,879,000 on the basis that the carrying amounts exceeded recoverable amounts. In the previous financial year, a reversal of impairment loss on investment in subsidiaries of RM1,329,000 was recognised in profit or loss.

The biological assets of the Group comprise fresh fruit bunches ["FFB"] of 2 months prior to harvest. The valuation model adopted by the Group considers the present value of the net cash flows expected to be generated from the sale of FFB. The net present value of cash flows is then determined with reference to the market value of FFB based on Malaysian Palm Oil Board reference price as at reporting date, adjusted for production costs and other costs to sell.

As at 31 December 2022, the estimated quantity of unharvested FFB of the Group included in the fair value of FFB was 99,000 tonnes (2021: 83,000 tonnes).

The Group's biological assets were fair valued within Level 3 of the fair value hierarchy. There were no transfers between Level 1, Level 2 and Level 3 of the fair value hierarchy during the financial year.

**Sensitivity analysis for FFB**

The sensitivity analysis below indicates the approximate change in the Group's fair value of FFB and profit for the year that would arise if the following key estimates and assumptions adopted in the valuation model had changed at the reporting date, assuming all other estimates, assumptions and other variables remained constant.

## NOTES TO THE FINANCIAL STATEMENTS

### 6. BIOLOGICAL ASSETS (CONTINUED)

#### Risk management strategies related to agriculture activities

(a) Regulatory and environmental risks

The Group is exposed to the regulatory and environmental risks. Nevertheless, the Group has placed the Sustainability Policies and health, safety and environmental procedures to create and maintain safe workplace and conservation of the environment at the same time comply with relevant regulations.

(b) Supply and demand risk

The Group is exposed to risks arising from fluctuations in the price and sales volume of FFB. The Group constantly analyses and monitors global palm oil demand patterns and trends to make prompt and informed decisions. The Group also continuously focuses on increasing yield and productivity as well as adopting cautious spending to mitigate the price risk.

(c) Climate and other risk

The Group's plantations are exposed to the risk of damages from climatic changes, diseases, forest fires and other natural forces. The Group has in place the processes and procedures aimed at monitoring and mitigating those risks. Such processes include but not limited to close monitoring on harvesting and crop recovery, adequate measures to control pest population, emphasis on proper fire safety procedures and other necessary measures to ensure continuity of the operation.

## NOTES TO THE FINANCIAL STATEMENTS

**11. DEFERRED TAX LIABILITIES (CONTINUED)****Unrecognised deferred tax assets**

Deferred tax assets have not been recognised in respect of the following items (stated at gross):

	<b>Group</b>	
	<b>2022</b>	<b>2021</b>
	<b>RM'000</b>	<b>RM'000</b>
Other temporary differences	<b>(11,959)</b>	(13,919)

Unutilised tax losses	<b>55,386</b>	55,386
	<b>75,360</b>	75,388

Deferred tax assets have not been recognised in respect of these items because it is not probable that future taxable profits will be available in the subsidiaries against which these subsidiaries can utilise the benefits.

Under the current tax legislation, unutilised tax losses from year of assessment 2019 onwards can be carried forward for a maximum of 10 years, and accumulated unutilised tax losses up to year of assessment 2018 can be carried forward until year of assessment 2028. Unabsorbed capital allowances and agriculture allowances attributable to entities incorporated in Malaysia do not expire under the current tax legislation. In the case of a dormant company, such allowances and losses will not be available to the affected entities if there has been a change of 50% or more in the shareholdings thereof.

The abovementioned deferred tax assets do not expire under the current tax legislation except for the unutilised tax losses.

The expiry date of unutilised tax losses is shown below:

**22.3 Financial risk management**

The Group has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

**22.4 Credit risk**

Credit risk is the risk of a financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Group's exposure to credit risk arises principally from its receivables from customers. The Company's exposure to credit risk arises principally from advances to certain subsidiaries.

**Trade receivables from contract with customers*****Risk management objectives, policies and processes for managing the risk***

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on potential customers before entering into any contracts.

At each reporting date, the Group or the Company assesses whether any of the receivables are credit impaired.

The gross carrying amounts of credit impaired trade receivables are written off (either partially or full) when there is no realistic prospect of recovery. This is generally the case when the Group or the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. Nevertheless, receivables that are written off could still be subject to enforcement activities.

## NOTES TO THE FINANCIAL STATEMENTS

### 22. FINANCIAL INSTRUMENTS (CONTINUED)

#### 22.4 Credit risk (continued)

##### Trade receivables from contract with customers (continued)

##### *Exposure to credit risk, credit quality and collateral*

As at the end of the reporting period, the maximum exposure to credit risk arising from trade receivables is represented by the carrying amounts in the statement of financial position.

Management has taken reasonable steps to ensure that receivables that are neither past due nor impaired are stated at their realisable values. A significant portion of these receivables are regular customers that have been transacting with the Group. The Group uses ageing analysis to monitor the credit quality of the receivables.

##### *Concentration of credit risk*

The exposure of credit risk for trade receivables as at the end of the reporting period by geographic region was:

	<b>Group</b>	
	<b>2022</b>	<b>2021</b>
	<b>RM'000</b>	<b>RM'000</b>
Malaysia	<b>4,974</b>	10,555

##### *Recognition and measurement of impairment losses*

In managing credit risk of trade receivables, the Group manages its debtors and takes appropriate actions (including but not limited to legal actions) to recover long overdue balances. Generally, trade receivables will pay within credit period. The Group's debt recovery process commences when a debt is above 30 days past due its credit term, whereby the Group will initiate a structured debt recovery process which is monitored by the sales management team.

As there are only a few customers, the Group assessed the risk of loss of each customer individually based on their financial information, past trend of payments and external credit ratings, where applicable. All of these customers have low risk of default and none of the debts are past due.

##### **Inter-company advances**

##### *Risk management objectives, policies and processes for managing the risk*

The Company provides advances to subsidiaries. The Company monitors the ability of the subsidiaries to repay the advances on an individual basis.

##### *Exposure to credit risk, credit quality and collateral*

As at the end of the reporting period, the maximum exposure to credit risk is represented by their carrying amounts in the statement of financial position. Advances provided are not secured by any collateral or supported by any other credit enhancements.

## NOTES TO THE FINANCIAL STATEMENTS

**22. FINANCIAL INSTRUMENTS (CONTINUED)****22.4 Credit risk (continued)****Inter-company advances (continued)*****Recognition and measurement of impairment loss***

Generally, the Company considers advances to subsidiaries have low credit risk.

The Company determines the probability of default for these advances individually using internal information available.

The following table provides information about the exposure to credit risk for subsidiaries' advances as at 31 December 2022.

	Gross carrying amount RM'000	Impairment loss allowances RM'000	Net balance RM'000
<b>Company</b>			
<b>2022</b>			
Low credit risk	50,977	-	50,977
<b>2021</b>			
Low credit risk	50,957	-	50,957

The Company does not specifically monitor the ageing of current advances to the subsidiaries. Nevertheless, these advances are repayable on demand. There was no indication that the advances to the subsidiaries are not recoverable.

**Cash and cash equivalents and money market deposits**

The cash and cash equivalents and money market deposits are held with banks and financial institutions. As at the end of the reporting period, the maximum exposure to credit risk is represented by their carrying amounts in the statements of financial position.

These banks and financial institutions have low credit risks. Consequently, the Group and the Company are of the view that the loss allowance is not material and hence, it is not provided for.

**Other receivables**

Credit risks on other receivables are mainly arising from deposits paid for office buildings and fixtures rented. These deposits will be received at the end of each lease terms. The Group manages the credit risk together with the leasing arrangement.

As at the end of the reporting period, the maximum exposure to credit risk is represented by their carrying amounts in the statement of financial position.

As at the end of the reporting period, the Group did not recognise any allowance for impairment losses.

## NOTES TO THE FINANCIAL STATEMENTS

### 22. FINANCIAL INSTRUMENTS (CONTINUED)

#### 22.5 Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group's exposure to liquidity risk arises principally from its various payables.

The Group maintains a level of cash and cash equivalents and bank facilities deemed adequate by the management to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they fall due.

It is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts.

#### **Maturity analysis**

The table below summarises the maturity profile of the Group's and the Company's financial liabilities as at the end of the reporting period based on undiscounted contractual payments:

	Carrying amount RM'000	Contractual interest rate %	Contractual cash flows RM'000	Under 1 year RM'000	1 – 2 years RM'000	2 – 5 years RM'000	More than 5 years RM'000

## NOTES TO THE FINANCIAL STATEMENTS

**22. FINANCIAL INSTRUMENTS (CONTINUED)****22.6 Market risk**

Market risk is the risk that changes in market prices, such as interest rates and money market deposits price that will affect the Group's financial position or cash flows.

**22.6.1 Interest rate risk**

The Group exposure to market risk for changes in interest rates relates primarily to fixed deposits with licensed banks and lease liabilities.

***Risk management objectives, policies and processes for managing the risk***

The Group places excess funds with reputable licensed banks to generate interest income for the Group. The Group manages its fixed deposits interest rate by placing such balances on varying maturities and interest rate terms.

***Exposure to interest rate risk***

The interest rate profile of the Group's and the Company's significant interest-bearing financial instrument, based on carrying amounts as at the end of the reporting period was:

	<b>Group</b>		<b>Company</b>	
	<b>2022</b>	<b>2021</b>	<b>2022</b>	<b>2021</b>
	<b>RM'000</b>	<b>RM'000</b>	<b>RM'000</b>	<b>RM'000</b>
<b><i>Fixed rate instruments</i></b>				
<b>Financial assets</b>				
Deposits with licensed bank	<b>140,800</b>	59,000	<b>25,000</b>	-
<b>Financial liabilities</b>				
Lease liabilities	<b>(67,953)</b>	(49,486)	<b>(14)</b>	(28)
	<b>72,847</b>	9,514	<b>24,986</b>	(28)

***Interest rate risk sensitivity analysis***

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss, and the Group does not designate derivatives as hedging instruments under a fair value hedge accounting model. Therefore, a change in interest rates at the end of the reporting period would not affect profit or loss.

**22.6.2 Market price risk**

Market price risk is the risk that the fair value or future cash flows of the Group's financial instruments will fluctuate because of changes in market prices (other than interest or exchange rates).

The Group is exposed to market price risk arising from its placement in money market deposits. This instrument is classified as financial assets at fair value through profit or loss.

To manage its market price risk, the Group manages its portfolio in accordance with established guidelines and policies.

#### 22.6 Market risk (continued)

##### 22.6.2 Market price risk (continued)

##### *Market price risk sensitivity analysis*

At the reporting date, had the market price of this instrument been 1% higher/lower, with all other variables held constant, the profit or loss would have increased/(decreased) by RM3,396,000 (2021: RM1,493,000) for the Group and RM694,000 (2021: RM617,000) for the Company as a result of changes in the fair value of this instrument classified as financial assets at fair value through profit or loss.

#### 22.7 Fair value of financial instruments

The carrying amounts of cash and cash equivalents, short term receivables and payables reasonably approximate fair values due to the relatively short term nature of these financial instruments.

The table below analyses financial instruments carried at fair value for which fair value is disclosed, together with their fair values and carrying amounts shown in the statements of financial position.

#### 22.7 Fair value of financial instruments (continued)

##### Level 2 fair value

The fair value of money market deposits is determined by reference to statements provided by the respective financial institutions, with which the investments were entered into.

##### Transfers between Level 1 and Level 2 fair values

There has been no transfer between Level 1 and Level 2 fair values during the financial year.

### 23. CAPITAL MANAGEMENT

The Group's objectives when managing capital is to maintain a strong capital base and safeguard the Group's ability to continue as a going concern, so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Directors monitor the adequacy of capital on an ongoing basis. There was no change in the Group's approach to capital management during the financial year.

The Group and the Company did not have any borrowings and the summary of quantitative data used in capital management is as follows:

	Group		Company	
	2022 RM'000	2021 RM'000	2022 RM'000	2021 RM'000

## NOTES TO THE FINANCIAL STATEMENTS

### 25. MATERIAL LITIGATIONS

- (a) Hap Seng Plantations (River Estates) Sdn. Bhd. ["RESB"], the wholly-owned subsidiary of the Company, is the registered and beneficial proprietor of all that parcel of land held under CL095310017, District of Kinabatangan, State of Sabah measuring approximately 6,454 acres ["said Land"]. On 16 January 2012, a purported sale and purchase agreement in respect of the said Land was entered into between Mr. Heng Chin Hing @ Wong Chin Hing (NRIC No. H0699157/570811-12-5731) ["HCH"] as the purported vendor and Excess Interpoint Sdn. Bhd. ["EISB"] as the purported purchaser ["Purported SPA"]. HCH alleged that he is the donee of a power of attorney dated 8 February 1977 allegedly created in respect of the said Land ["Alleged PA"]. On the basis of the Purported SPA, EISB entered a private caveat on the said Land on 3 April 2012.

On 23 May 2012, RESB commenced a legal suit ["KL RESB Suit"] vide a writ of summon at Kuala Lumpur High Court ["KLHC"] against EISB ["1<sup>st</sup> Defendant"] and HCH was added as the second defendant ["2<sup>nd</sup> Defendant"] to the KL RESB Suit on 16 June 2012.

On 10 August 2012, upon the 1<sup>st</sup> Defendant's application, the KL RESB Suit was transferred to the High Court of Sabah and Sarawak at Kota Kinabalu ["KKHC"]. On 7 April 2016, the Federal Court held that the KLHC has no jurisdiction to transfer a civil suit filed in the High Court of Malaya to the High Court of Sabah and Sarawak. On the basis of such ruling, the KKHC had on 19 April 2016 struck off the KL RESB Suit with no order as to costs.

On 8 April 2016, RESB commenced a fresh legal suit against the 1<sup>st</sup> and 2<sup>nd</sup> Defendants through its solicitors in Sabah, Messrs Jayasuriya Kah & Co. in KKHC vide writ of summon no. BK1-22NCvC-39/4-2016 ["KK RESB Suit"].

RESB is claiming for the following in the KK RESB Suit:

- (i) That RESB be declared as the registered and beneficial owner of the said Land;
- (ii) That the Purported SPA be declared null and void;
- (iii) That the Alleged PA be declared null and void;
- (iv) An injunction restraining the 1<sup>st</sup> Defendant from:-
  - (a) effecting any further dealings including but not limited to disposal, assignment, transfer, mortgage, charge, lease, tenancy over the said Land with any third party;
  - (b) taking any actions to fulfill the terms and conditions in the Purported SPA; and
  - (c) taking any further action to complete the Purported SPA.
- (v) An injunction restraining the 2<sup>nd</sup> Defendant from effecting any steps, actions and/or representations in respect of the Alleged PA;
- (vi) Costs of the KK RESB Suit; and
- (vii) Such further or other relief as the Court deems fit and just.

Pending disposal of the KK RESB Suit, the KKHC had on 27 July 2016 granted an interlocutory injunction in favour of RESB pursuant to which the 1<sup>st</sup> and 2<sup>nd</sup> Defendants have been restrained from effecting dealings as set out in terms (iv) and (v) above ["KK Interlocutory Injunction"].

On 13 December 2016, the KKHC consolidated the KK RESB Suit and KK Suit upon RESB's application ["Consolidated RESB Suit"]. The trial of the Consolidated RESB Suit commenced on 13 September 2017 and concluded on 17 January 2023. The Court has given directions for the filing and exchange of written submissions among the parties. A mention date has been fixed on 16 June 2023 to monitor status of the written submissions as well as to fix new dates for oral submission, if necessary.

The Company has been advised by its solicitors, Messrs Jayasuriya Kah & Co., that RESB is likely to receive a favourable court decision in the Consolidated RESB Suit.

## NOTES TO THE FINANCIAL STATEMENTS

### 25. MATERIAL LITIGATIONS (CONTINUED)

- (b) Chee Ah Nun @ Sia Yi Chan (NRIC No. 550808-12-5663) ["SYC" or the "Plaintiff"] has filed a separate legal suit against RESB in respect of the said Land in the KKHC vide originating summon no. BKL-24-127/5-2012, and the same was served on RESB on 11 June 2012 [the "KK Suit"].

The KK Suit is premised on a purported deed of appointment of substitute by attorney dated 24 June 2010 ["Alleged Deed of Substitute"] allegedly executed by HCH pursuant to which HCH had allegedly divested to SYC all his interests or claims on the said Land pursuant to the Alleged PA.

SYC is claiming for the following in the KK Suit:

- (i) that by virtue of the Alleged PA, RESB had allegedly divested its ownership and all interests or claims to the said Land to HCH;
- (ii) that pursuant to the Alleged Deed of Substitute, SYC is the beneficial owner and has rights to take possession of the said Land;
- (iii) an order that RESB forthwith deliver vacant possession of the said Land to SYC free of encumbrances with all fixtures and crops planted thereon;
- (iv) an injunction restraining RESB, its servants and/or employees or agents from harvesting crops on the said Land or removing anything thereon and/or otherwise from doing anything or interfering with SYC's rights thereon;
- (v) costs of the KK Suit; and
- (vi) such further or other relief as the Court deems fit and just.

On 27 July 2016, the KKHC, upon application of RESB, granted an order converting the KK Suit from an originating summon to a writ action. On 13 December 2016, the KKHC consolidated the KK RESB Suit and KK Suit upon RESB's application ["Consolidated RESB Suit"].

The trial of the Consolidated RESB Suit commenced on 13 September 2017 and concluded on 17 January 2023. The Court has given directions for the filing and exchange of written submissions among the parties. A mention date has been fixed on 16 June 2023 to monitor status of the written submissions as well as to fix new dates for oral submission, if necessary.

The Company has been advised by its solicitors, Messrs Jayasuriya Kah & Co., that RESB is likely to receive a favourable court decision in the Consolidated RESB Suit.

## NOTES TO THE FINANCIAL STATEMENTS

### 26. SIGNIFICANT EVENT DURING THE YEAR

As announced on 24 November 2021 [“said date”], Hap Seng Plantations (Ladang Kawa) Sdn. Bhd. [“HSP (LK)”], a wholly-owned subsidiary of the Company, entered into a sale and purchase agreement on even date to dispose of the following seven (7) parcels of agricultural land planted with oil palm trees thereon situated at Jalan Muul Hill, off Jalan Bukit Kawa, Off Km 35, Jalan Tawau-Kunak-Lahad Datu Highway, 91000 Tawau, Sabah together with buildings, main structures and infrastructures erected thereon to Future Golden Development Sdn. Bhd. [the “Purchaser”], a wholly-owned subsidiary of Hap Seng Consolidated Berhad [“HSCB”], for a cash consideration of RM84,925,000.00 [“HSP (LK) Disposal”]:

No.	Title Number	Approximate Area (Hectares)
1.	CL 105315955	90.312
2.	CL 105320161	194.067
3.	CL 105315900	87.009

5.	CL 105342550	12.100
6.	CL 105351915	180.777
7.	CL 105342532	19.798
	<b>Total</b>	<b>623.759</b>

The HSP (LK) Disposal was deemed a related party transaction. As at the said date, Tan Sri Datuk Seri Panglima Lau Cho Kun @ Lau Yu Chak [“Tan Sri Lau”] was a director and a 56.00% major shareholder of Gek Poh (Holdings) Sdn. Bhd. [“Gek Poh”]. Gek Poh was the holding company of HSCB with an aggregate shareholding of 62.64%, comprising 54.63% direct shareholding and 8.01% indirect shareholding through Hap Seng Insurance Services Sdn. Bhd. [“HSIS”], a wholly-owned subsidiary of Gek Poh. HSCB was a major shareholder holding 598,889,400 shares constituting 74.89% of shareholding in the Company. Hence, Tan Sri Lau, Gek Poh, HSIS and HSCB were deemed interested in the HSP (LK) Disposal.

As at the said date, Datuk Edward Lee Ming Foo was the managing director of the Company, HSCB and Gek Poh. Mr Lee Wee Yong was an executive director of the Company and HSCB as well as a director of Gek Poh. Ms Cheah Yee Leng was an executive director of both the Company and HSCB. Premised on the aforesaid, they were deemed interested in the HSP (LK) Disposal. As such, they had abstained from all board deliberations and voting in respect of the HSP (LK) Disposal.

As at the said date, Datuk Simon Shim Kong Yip was a non-independent non-executive deputy chairman of the Company and a non-independent non-executive director of the HSCB. Premised on Datuk Simon Shim Kong Yip’s common directorship in the Company and HSCB, he was deemed interested in the HSP (LK) Disposal. As such, he had abstained from all board deliberations and voting in respect of the HSP (LK) Disposal.

The HSP (LK) Disposal was completed on 24 January 2022 with the purchase consideration paid in full by the Purchaser and resulted in a gain of approximately RM18.8 million to the Group.

# INDEPENDENT AUDITORS' REPORT

## TO THE MEMBERS OF HAP SENG PLANTATIONS HOLDINGS BERHAD

Registration No. 200701011957 (769962-K) (Incorporated in Malaysia)

### REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

#### Opinion

We have audited the financial statements of Hap Seng Plantations Holdings Berhad, which comprise the statements of financial position as at 31 December 2022, of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 74 to 128.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2022, and of their financial performance and cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

#### Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our auditors' report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### *Independence and Other Ethical Responsibilities*

We are independent of the Group and of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### 1. Impairment on property, plant and equipment

Refer to Note 2 – Significant accounting policy: Property, plant and equipment, Note 3 – Property, plant and equipment.

The Group is required to perform impairment assessment of its cash generating unit ("CGU") whenever there is an indication that the CGU may be impaired by comparing the carrying amount with its recoverable amount.

As at 31 December 2022, the Group's net assets exceeds its market capitalization, thereby indicating potential impairment of the Group's non-current assets. Accordingly, the Group estimated the recoverable amount of the property, plant and equipment including bearer plants involving an independent external valuer.

# INDEPENDENT AUDITORS' REPORT

## TO THE MEMBERS OF HAP SENG PLANTATIONS HOLDINGS BERHAD

Registration No. 200701011957 (769962-K) (Incorporated in Malaysia)

### Key Audit Matters (continued)

#### 1. Impairment on property, plant and equipment (continued)

The professional valuer has applied two approaches in estimating the recoverable amount, which are value in use based on discounted cash flow for assets which are in optimal yield and production whilst for those assets not in optimal yield and production, the comparison method is adopted. Comparison method is using sales transactions values for similar assets as a comparison.

We focused on this area as a key audit matter due to the degree of Group's judgement involved and assumptions of future events that are inherently uncertain.

#### How our audit addressed the key audit matter

Our procedures included, amongst others:

- Evaluated the qualifications, competence and objectivity of the external valuer engaged by the Group by considering the valuer's membership of a professional body, the number of years in practice and performed inquiry of the independence of the external valuer.
- Read the valuer's reports and discussed the reports with the valuer to assess the valuation methods against those applied for similar assets and industry.
- Evaluated the sales transactions values used by the valuer by comparing them against selling prices of similar assets from external market information.
- We considered the adequacy of the Group's disclosures of valuation techniques.

We have determined that there are no key audit matters in the audit of the separate financial statements of the Company to communicate in our auditors' report.

### Information Other than the Financial Statements and Auditors' Report Thereon

The Directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the annual report and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the annual report and, in doing so, consider whether the annual report is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of the annual report, we are required to report that fact. We have nothing to report in this regard.

### TO THE MEMBERS OF HAP SENG PLANTATIONS HOLDINGS BERHAD

Registration No. 200701011957 (769962-K) (Incorporated in Malaysia)

#### **Responsibilities of the Directors for the Financial Statements**

The Directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are responsible for assessing the ability of the Group and of the Company to continue as a going concerns, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

#### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Group and of the Company.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group or of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that gives a true and fair view.

## INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF HAP SENG PLANTATIONS HOLDINGS BERHAD

Registration No. 200701011957 (769962-K) (Incorporated in Malaysia)

### Auditors' Responsibilities for the Audit of the Financial Statements (continued)

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our auditors' report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Other Matter

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

## ADDITIONAL INFORMATION

1. The following additional information are provided in compliance with Bursa Malaysia Securities Berhad Main Market Listing Requirements.

**(i) STATUS OF UTILISATION OF PROCEEDS RAISED FROM CORPORATE PROPOSAL**

The Company did not raise any proceeds from corporate proposal during the financial year.

**(ii) MATERIAL CONTRACT**

Material contract of the Company's subsidiary involving directors' and major shareholders' interest is disclosed in Note 26 to the Financial Statements.

Other than that disclosed in Note 26, there was no other material contract of the Company and its subsidiaries involving the interests of the directors, chief executive who is not a director or major shareholders, subsisting as at 31 December 2022, and/or entered into since 31 December 2021.

**(iii) RECURRENT RELATED PARTY TRANSACTIONS**

Pursuant to Paragraph 10.09(2)(b) and Paragraph 3.1.5 of Practice Note 12 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, the recurrent related party transactions of a revenue or trading in nature which were entered into by the Company and its subsidiaries with the related parties during the financial year ended 31 December 2022 are as disclosed in Note 24 to the Financial Statements.

The Company will be seeking renewal of shareholders' mandate for recurrent related party transactions at the annual general meeting to be convened on 24 May 2023.

## ADDITIONAL INFORMATION

### 2. OTHERS

- (i) In its approval letter dated 23 July 2007 approving the initial public offering of the Company, the Securities Commission ("SC") requires, inter alia, the Company to resolve the issue on the requirement to transfer 30% of Litang Estate/equity in Hap Seng Plantations (Wecan) Sdn Bhd to natives within the time period stipulated therein ("SC Condition").

SC had via its letter dated 3 September 2012 agreed not to impose time stipulation on the Company to resolve the issue on SC Condition. However, the Company is to continue to pursue the matter with the relevant authority subject to the following:

- (a) the Company is to disclose the efforts taken and the status of its compliance with the SC Condition in the annual report until such time the condition is fulfilled;
- (b) the Company and/or CIMB Investment Bank Berhad ("CIMB") is/are to make quarterly announcements to Bursa Malaysia Securities Berhad until such time the condition is fulfilled; and
- (c) the Company and/or CIMB is/are to update the SC when such disclosure is made in the annual report.

It is a condition of the Litang Estate that "Transfer and sublease of this title is prohibited until such time as the said land has been fully developed in accordance with the terms and conditions herein except as provided above".

As announced on 17 May 2022, the Land and Survey Department in Kota Kinabalu had granted a further extension of time to July 2027 ("said Extension") for the transfer of 30% of the undivided share of the Litang Estate or 30% equity in Hap Seng Plantations (Wecan) Sdn Bhd, a wholly-owned subsidiary of the Company, to natives.

To the best of the Company's knowledge, the said Extension was granted on the basis that frequent floods had hindered the full development or planting up of the Litang Estate in accordance with the title conditions.

As part of its effort to comply with the SC condition, the Company has taken the following steps to fully develop the Litang Estate:

- (a) constructing of a drain for every 4 rows of palms;
- (b) regular de-silting of drains in and around the affected region;
- (c) protect and maintain riparian reserves to prevent and reduce the rate of siltation of drains and rivers through soil erosion;
- (d) re-supply palms killed after every flood event until such time the palms are able to survive through the floods;
- (e) specially formulated fertilizer recommendations provided to affected areas; and
- (f) palms planted on platforms for lower lying areas.

## NOTICE OF ANNUAL GENERAL MEETING

- (c) the authority conferred by this resolution shall continue to be in force until:-
- (1) the conclusion of the next annual general meeting of the Company, at which time the said authority shall lapse, unless renewed by the passing of a resolution at that meeting, either unconditionally or subject to conditions; or
  - (2) the expiration of the period within which the next annual general meeting of the Company is required to be held pursuant to section 340(2) of the Companies Act 2016 (but shall not extend to such extension as may be allowed pursuant to section 340(4) of the Companies Act 2016); or
  - (3) revoked or varied by a resolution passed by the shareholders in a general meeting of the Company,

whichever occurs first;

and that the directors of the Company be and are hereby authorised to deal with the shares purchased in their absolute discretion in the following manner:-

- (i) cancel all the shares so purchased; and/or
- (ii) retain part thereof as treasury shares and cancel the remainder; and/or
- (iii) retain the shares so purchased in treasury for distribution as dividend to the shareholders and/or resell on the market of Bursa Malaysia Securities Berhad; and/or
- (iv) transfer the treasury shares or any of the said shares as purchase consideration; and/or
- (v) in any other manner as prescribed by section 127(7) of the Companies Act 2016,

and further that the directors of the Company be and are hereby authorised to take all such steps as are necessary and/or enter into any and all agreements, arrangements and guarantees with any party or parties to implement, finalise and give full effect to the aforesaid purchase with full powers to assent to any conditions, modifications, revaluations, variations and/or amendments (if any) as may be imposed by the relevant authorities from time to time to implement or to effect the purchase of its own shares.<sup>8</sup> Note 8

## NOTICE OF ANNUAL GENERAL MEETING

### *Explanatory notes to the Agenda:-*

1. Pursuant to section 340(1) and (2) of the Companies Act 2016 ("Act"), the directors shall lay before the Company at its annual general meeting ("AGM") its audited financial statements made up to a date not more than 6 months before the date of the AGM. This agenda 1 is meant for discussion only and will not be put forward for voting.
2. Pursuant to clause 116 of the Company's constitution, at least one-third of the directors of the Company for the time being shall retire from office at every AGM and be eligible for re-election. The current board size is twelve. Hence, four out of twelve directors are to retire in accordance with clause 116 of the Company's constitution.
3. The nominating committee conducted directors' self and peer assessment, fit and proper assessment and independence of the independent directors to evaluate as well as determined the respective performance and eligibility of each of the directors who are to retire in accordance with clause 116 of the Company's constitution to stand for re-election. In their evaluation, the retiring directors had met the criteria of character, experience, integrity, competence and time required to effectively discharge their respective roles as directors and satisfied the directors' fit and proper assessment criteria. Accordingly, the board approved of the recommendations of the nominating committee, namely such retiring directors are eligible to stand for re-election during the AGM. The retiring director had abstained from deliberation and decision on their respective re-election at the relevant nominating committee and board meetings.
4. Pursuant to section 230(1) of the Act, the Company shall at every AGM approve of the fees payable to the directors of the Company and its subsidiaries. The remuneration committee is responsible for conducting a regular review of the fees payable to non-executive directors and members of the board committees. This is to ensure that they are appropriately remunerated in line with the market benchmarking.
5. Pursuant to section 271(4) and section 273(b) of the Act, the Company shall at every AGM appoint its auditors who shall hold office until the conclusion of the next AGM. The audit committee had assessed the suitability and independence of Messrs KPMG PLT ("KPMG"), the auditors of the Company based on the following criteria:-
  - (a) their performance and quality of work;
  - (b) experience and competency of professional staff assigned to the audit;
  - (c) adequacy of resources;
  - (d) independence throughout the conduct of the audit engagement; and
  - (e) level of non-audit services and fees rendered to the Group.

The audit committee was satisfied with the suitability of KPMG in terms of their audit quality, performance, competency and sufficiency of resources as well as provisions of non-audit services, which did not impair their objectivity and independence as auditors of the Company. The board approved of the audit committee's recommendation for shareholders' approval to be sought at this AGM on the proposed reappointment of KPMG as auditors of the Company.

6. The proposed resolution 7 is to authorise the Company to allot shares pursuant to section 75 of the Act. This proposed resolution 7, if passed, will empower the directors of the Company to allot ordinary shares in the Company up to 10% of the total number of issued shares of the Company for the time being, subject to compliance with all other regulatory requirement and this authority will enable the Company to finance investment projects, working capital and/or acquisitions by issuing new shares as and when the need arises without delay or incurring costs in convening a separate general meeting. This authority, unless revoked or varied at an earlier general meeting, will expire at the conclusion of the next AGM of the Company.

As at the date of this notice of AGM, the Company has not issued any new shares pursuant to the authority granted by the shareholders at the last AGM held on 25 May 2022, which authority shall lapse at the conclusion of this AGM.

## NOTICE OF ANNUAL GENERAL MEETING

7. *The proposed resolution 8 is to authorise the Company and its subsidiaries to enter into recurrent related party transactions ("RRPT") which are necessary for day-to-day operations, subject to the transactions being carried out in the ordinary course of business and on terms not detrimental to the minority shareholders of the Company. This would eliminate the need to make regular announcements to Bursa Malaysia Securities Berhad or convene separate general meetings from time to time to seek shareholders' approval as and when RRPT arise, thereby reducing substantial administrative time and expenses in convening such meetings.*

*Further information on the said RRPT is set out in Part A of the Circular/Statement to shareholders dated 26 April 2023 which is issued together with the Company's Annual Report 2022.*

8. *The proposed resolution 9 is to authorise the Company to purchase its own shares of up to 10% of the total number of issued shares of the Company. This authority, unless revoked or varied by the Company at a general meeting, will expire at the conclusion of next AGM of the Company. Further information on the proposed renewal of share buy-back authority is set out in Part B of the Circular/Statement to shareholders dated 26 April 2023 which is issued together with the Company's Annual Report 2022.*
